

Northern Ireland Sustainable Energy Programme

Schemes running from April 2019 to March 2020¹

1. Priority² (Low-income Households) – Whole House Solutions

Scheme Name	Scheme Description	Target Customers	Scheme Manager and Application Details (if appropriate)
Energy Plus	Heating and insulation measures: <ul style="list-style-type: none"> ▪ Fully funded gas central heating system if on the gas network; oil system where gas is not available ▪ Fully funded cavity wall insulation and/or loft insulation ▪ LED light bulbs ▪ Water Widget ▪ Climote Remote Heating Control ▪ Endotherm Central Heating Additive 	Low-income households with no heating, a heating system broken down beyond viable economic repair, Economy 7 or Solid Fuel heating. Must be a homeowner or private tenant. Income criteria: <ul style="list-style-type: none"> ▪ Single person household with income / pension less than £25,000 gross OR ▪ Couple / Single parent family / Pensioner over 65 years with an income / pension less than £35,000 gross 	Fusion Heating Apply to: Pippa Mitchell nisep.applications@fusionheating.co.uk Tel: 028 9044 9499

¹ Schemes may not start immediately as it can take a few weeks to set up and as funding for each scheme is limited, schemes will only run whilst funds are still available. Therefore, some schemes may be closed to further applications before the end of March 2020. Please contact the Scheme Manager, using the contact details specified, to clarify the availability of grants and further details about the individual schemes.

² Priority schemes, both whole house and individual measures, are aimed at low-income households. Each of the priority schemes has its own set of vulnerability criteria/income thresholds to identify qualifying households. In general, **NISEP schemes are targeted at households who do not qualify for assistance from government schemes such as Affordable Warmth or the Boiler Replacement Allowance.**
