

PORT INFORMATION

Foyle Port has two terminals, the **Lisahally Terminal** and the **LSS Oil Terminal**. The Harbour Authority reserves the right to amend these requirements at any time depending on the prevailing conditions. The terminal particulars are as follows:

Lisahally Terminal

Lisahally Terminal contains 440 metres of quay with a berth pocket dredged to 9.5 metres and a berth apron of 25 metres which allows for vessels to be discharged efficiently. Berths are available on most occasions with little congestion experienced.

Lisahally Terminal Restrictions

Vessels less than 27000 DWT	
Max LOA	200m
Max Beam	26m
Max Draught	9.30m (Subject to height of tide) *
