

## Customer Satisfaction Survey Results 2018-19

The Consumer Council's Customer Satisfaction score in 2018-19 was 99.2%.

The survey is sent to all consumers who have a complaint against a service provider investigated by The Consumer Council. The survey is sent to the consumer when our investigation is completed and the complaint is closed.

The survey asks the consumer to rate our service on the following areas:

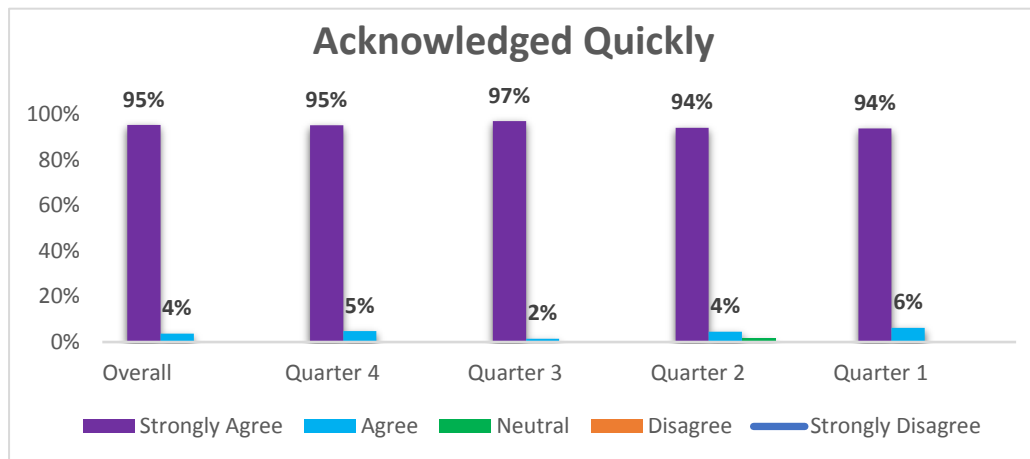

- **How quickly we acknowledged their complaint?**
- **Did we keep them updated throughout the investigation?**
- **Was our correspondence easy to understand?**
- **Was our staff polite, friendly and helpful?**

- **Was our staff professional at all times?**
- **Did our staff treat them fairly and with respect?**

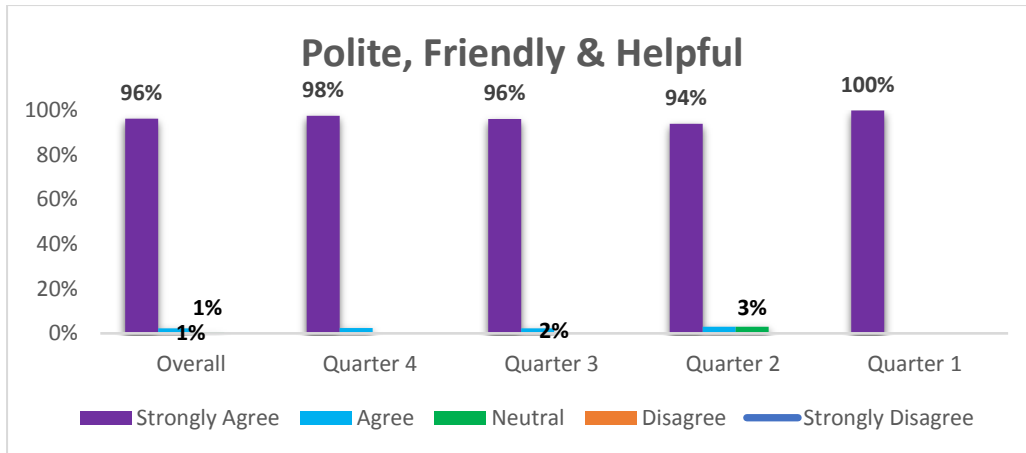

The questions above use a variety of methodologies to capture the responses, such as scales ranging from 'strongly agree' to 'strongly disagree' and yes/no answers.

### The Results

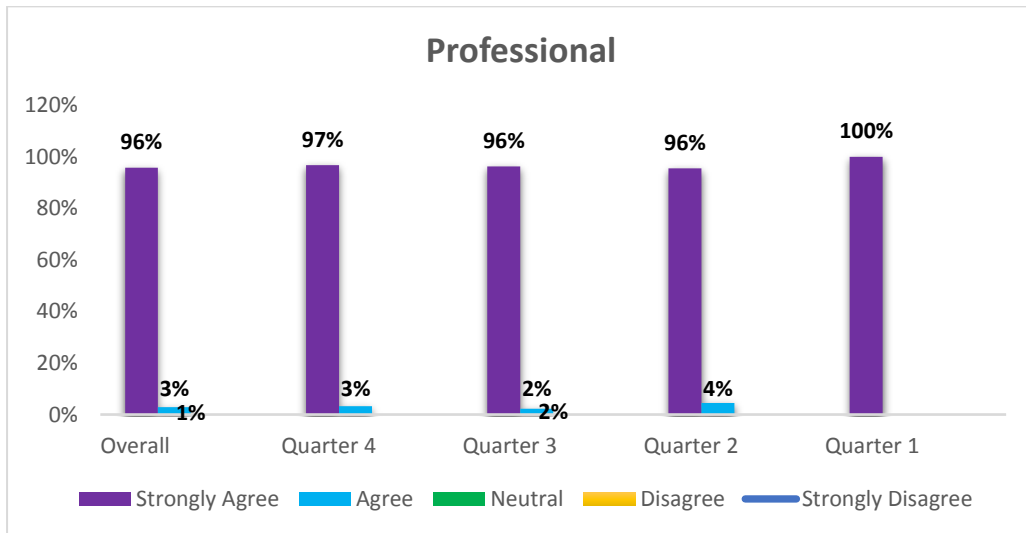

The graphs below show a breakdown of the results by question and by quarter.
