## Foreword

I have pleasure in submitting the 2017/2018 Annual Report on the work of DfI Roads in the Fermanagh and Omagh District Council Area.

This report deals with works completed across the Council area during the year 2016/2017 and sets out our initial proposals for schemes to be undertaken in the year 2017/2018. The opportunity is also taken to provide an update on the strategic roads schemes that are being taken forward and which will benefit the Fermanagh and Omagh District Council area.

As indicated on page 5 of this report Western Division covers the three Council areas of Fermanagh & Omagh, Derry City and Strabane and Mid Ulster. It is one of four divisions, each of which manages the road network, commission new works, and is the contact point for road users and public representatives.

Funding is allocated to the Division under two categories; capital funding for new works or renewal of infrastructure and resource funding for the day to day maintenance of our assets.

On the capital side the Department is taking forward a number of important major schemes and this is supplemented with resurfacing and Local Transport and Safety Measures programmes which are based on what is a limited budget. During the year the Department will continue to highlight the need for further capital funding for these programmes in order to improve and maintain the integrity of the road network.

On the resource side, following the budget settlement outlined by the Secretary of State in April, it is likely there will be knock on impacts for services, including routine maintenance of the road network. The implications of a limited service and its long term impacts on the network are fully understood but it is evident that the Department will be reliant on additional resources becoming available in year to allow any improved service to be provided.

Our Request/Enquiry forms can be used to raise local issues with the Department, or deal with matters that are not directly related to my report. To improve the efficiency of the services that we deliver, over the last year we have implemented on-line fault reporting for a full range of roads related issues through NI Direct. I would encourage Councillors to avail of this facility on NI Direct. My operational staff are of course also available to do their best to assist with queries.

I hope that you find this report informative. The Department values constructive comment on all its activities and I, along with Section Engineers Henry Robinson and Harold Henry, look forward to meeting the Council.

A handwritten signature in black ink that reads "Conor Loughrey". The signature is written in a cursive style with a large initial 'C' and a long, sweeping underline.

**Conor Loughrey**  
**Divisional Roads Manager**  
**19<sup>th</sup> June 2017**

## Western Division

Western Division is one of four Client Divisions within TransportNI. It spans the local Council areas of Fermanagh and Omagh, Derry City and Strabane and Mid-Ulster

In Western Division we are responsible for approximately 9712km of public road together with 2816 bridges, and 64,147 street lights, 124 controlled crossings (Pelican/Puffin/Toucan & Zebra type), 117 traffic signalised junctions. We carry out functions under the headings:-

- Strategic Road Improvements – Road Improvement Schemes greater than £1.5Million on the strategic road network
- Network Maintenance – Maintenance of Roads and Structures
- Network Development - Street Lighting and Road Improvement Schemes up to £1.5Million
- Network Planning - Development Control, Private Streets and Area Plans

Divisional Headquarters  
County Hall

## Western Division - Senior Management Team

**Conor Loughrey**

**Divisional Roads Manager**

The Senior Management Team and their areas of responsibility are listed below. Day to day matters should be raised in the first instance with the relevant Senior Engineers whose details are listed at the start of each section.

**Alan McMurray**

**Network Maintenance Manager**

Road maintenance operations, structural maintenance planning and programming, inspections, road maintenance standards, utility street works, winter service

**Seamus Keenan**

**Strategic Road Improvement Manager**

A5 Western Transport Corridor Manager

**David McKinley**

**Strategic Road Improvement Manager**

Major works schemes (excluding A5WTC);  
Highway Structures

**Harry Gallagher**

**Network Development Manager**

Traffic Management, Street Lighting, Local Transport and Safety Measures schemes

**Darren Campbell**

**Network Planning Manager**

Development Control, Private Streets, Area Plans

## **1.0 STRATEGIC ROAD IMPROVEMENTS**

### **1.1 A5 Western Transport Corridor (A5WTC)**

**Strategic Roads Improvement Manager - A5WTC: Seamus Keenan**

He is supported by:

**Manny Gault**

SRI A5WTC

Tel: 028822 54107

**email: [Maura.Hackett@infrastructure-ni.gov.uk](mailto:Maura.Hackett@infrastructure-ni.gov.uk)**

The A5 Western Transport Corridor (A5WTC) is a Northern Ireland Executive led scheme which aims to provide 85 kilometres (55 miles) of dual carriageway from south of Londonderry at New Buildings to the border at Aughnacloy.

In February 2016 the then Department for Regional Development (DRD) published for consultation the Notice of Intention to Make Vesting Orders (draft Vesting Orders) for a number of phases of the scheme as follows:

- Phase 1A - New Buildings to north of Strabane;
- Phase 1B - south of Omagh to Ballygawley; and
- Phase 2 - north of Strabane to south of Omagh.

The Notice of Intention to Make a Direction Order (i.e. draft Direction Order) for the length between New Buildings and Ballygawley and a new Environmental Statement (ES) covering the full extent of the scheme between New Buildings and Aughnacloy were also published at that time.

New draft Vesting Orders and a Direction Order for the section between Ballygawley and the border at Aughnacloy (Phase 3) have not however been taken forward until details of the link with the N2 at the border with the Republic of Ireland have been clearly identified. This section was however included within the new Environmental Statement which must take account of the full extents of an overall project.

A Public Inquiry administered by the Planning Appeals Commission (PAC) commenced on 4 October 2016 and concluded on 14 December 2016. The Inspector's Report from the inquiry has recently been received and its recommendations are currently being considered in detail by the Department before a decision is made on whether to proceed with the scheme and make the necessary Statutory Orders.

Subject to a satisfactory outcome from the Inspector's Report and the successful completion of all the statutory processes it is hoped that construction can commence in late 2017 on Phase 1A (between New Buildings and north of Strabane). The Joint Venture Contractor for Phase 1A is BAM/Balfour Beatty & FP McCann.

## **1.2 SRI Schemes (excluding A5WTC)**

### **1.2.1 Enniskillen Southern Bypass**

The Preferred Route Corridor for the Enniskillen Southern Bypass was announced in July 2011. Initial surveys and ground investigations were completed and design development allowed various route options to be analysed. Initial meetings were held with affected landowners. This work led to the selection of an Emerging Preferred Alignment which was announced at a Public Information Day at the Ardhowen Theatre on 17 June 2015.

The design continues to be developed along with an Environmental Impact Assessment for the scheme. More detailed ground investigations and traffic surveys have now been completed and environmental surveys and archaeology investigations are ongoing. The Environmental Statement and Draft Orders for the scheme will be published following a further Public Information Day in October 2017. This will allow the Statutory Consultation process and a Public Inquiry, if needed, to take place.

Progression of the scheme to the Making of Orders will depend on the availability of funding.

**Emerging preferred Route Enniskillen Southern Bypass**

### **1.2.2 Improvements on the A32 from Enniskillen to Omagh**

The Department for Infrastructure has in place a Road Improvement Strategy for the A32 Omagh to Enniskillen route. A package of schemes have been identified which will improve the quality of the route, enhance road safety and reduce journey times for all road users. Two schemes have already been delivered at Shannaragh and Drumskinny at a cost of approximately £10m. Drumskinny was completed in March 2012 while Shannaragh was completed in December 2012.

The Department is currently developing further realignments at both Cornamuck and at Kilgortnaleague. Whilst there is currently no budgetary provision for these projects, the Department published the Draft Orders and Environmental Statement for the Cornamuck scheme, (between Dromore and Irvinestown) in summer 2015. The Direction Order was made in Autumn 2015 and lands were vested in March 2017 in anticipation of funding becoming available to allow procurement and construction to proceed as quickly as possible.

**A32 Cornamuck**

Design work on the Kilgortnaleague realignment, between Irvinestown and Enniskillen, has also progressed and a Preferred Corridor has been identified. Alignment Options within the Preferred Corridor are currently being developed for consultation. The progression of further improvement works on the A32 will depend on the outcome of future budgetary settlements.

### 1.2.3 Strathroy Link Road

The Education Minister gave a commitment to fund the construction of the Strathroy Link Road as part of the Strule Shared Education Campus project. The Department for Infrastructure has engaged consultants to progress the Link Road and detailed scheme design is progressing. The Draft Vesting Order was published in November 2015 and came into effect in March 2017. The estimated total cost of the scheme is £7m and the Department for Education is providing a contribution of £6m.

A traffic impact assessment commissioned by the Department of Education recognises the need for significant development work to the local road network and in particular the need for a road crossing the Strule River to link the Derry Road and Strathroy Road. The Department of Education has indicated that the Strule Shared Education Campus project programme provides for the completion of the new campus in 2020 and has stipulated that the Strathroy Link road must be operational prior to this date. The Department for Infrastructure has already acquired Planning Permission and is committed to the delivery of this scheme by the end of 2018. The contract was awarded at the beginning of June 2017 and construction has just commenced.

The Strathroy Link Road scheme comprises approximately 1km long single carriageway link road connecting the B84 Derry Road to the U1526 Strathroy Road. The scheme will feature a significant 90m long bridge over the Strule River. Replacement of the flood wall at Hunters Crescent is also included within the Link Road construction contract.

## **2.0 NETWORK MAINTENANCE**

**Network Maintenance Manager: Alan McMurray**

He is supported by:

**Henry Robinson**

Section Engineer  
Castle Barracks

**email: [TNI.Fermanagh&OmaghEast@infrastructure-ni.gov.uk](mailto:TNI.Fermanagh&OmaghEast@infrastructure-ni.gov.uk)**

## **EXPLANATION OF MAINTENANCE OPERATIONS**

### **Resurfacing and Strengthening**

Roads generally fail by cracking and rutting. They usually do not fail suddenly, but gradually deteriorate due to the impact of traffic, age and weathering. Wear normally appears as either excessive permanent deformation of the whole or part of the carriageway structure, or is associated with the cracking of the bituminous layers.

Road pavements are normally designed for an operational life of 20 years. During this period and beyond, there is a need for the highway authority to intervene at times to either treat or replace the top course of bituminous material known as the “wearing course” or to provide additional depth to preserve the structure of the pavement and extend its life.

Resurfacing is the application of a layer of this mixed material of 40mm (1.5") minimum thickness. It strengthens the road, seals it against the ingress of water, and improves skidding resistance and riding quality. The thicker the layer, the more strength imparted.

Wearing course bitmac has an expected life of 7-12 years (which can be extended by subsequent surface dressing) whereas asphalt has an expected life of 15-20 years but costs more.

Resurfacing of existing roads can usually be carried out on top of the existing surface (overlay) but where kerb levels or bridge heights are restricted the existing surface may need to be removed by planning.

### **Surface Dressing**

This process involves spraying a bitumen emulsion binder onto the existing road surface, followed by a layer of stone chippings, which is then rolled. It has three main purposes:-

- to improve skidding resistance of the surface
- to seal the road surface against ingress of water
- to prevent deterioration.

## **DEALING WITH CORRESPONDENCE/PUBLIC INTERFACE**

It is also worth mentioning a new approach in relation to some queries that come our way.

As you will be aware DfI lost a significant number of staff through the Voluntary Exit Scheme which was implemented across the whole of the Northern Ireland Civil Service. As a result of this Divisions had to develop new staffing structures across all work areas to try to maintain an acceptable level of service.

One area of significant workload is dealing with correspondence. The Department, and in particular DfI Roads, receives a large volume of correspondence from the public and public representatives throughout the year. Indeed, the level of correspondence has been increasing in recent years at a time when staff resources have been reducing.

In a large number of cases the correspondence relates to reports of individual defects on the road, such as potholes, blocked gullies, defective street lights etc. In order to improve efficiency the Department is now proposing to deal with correspondence which is only reporting routine defects differently from other general correspondence. Therefore if a member of the public, or public representative, writes to the Department by letter or e-mail, reporting a routine defect then our staff will simply log this information onto our work systems and an automated response detailing the query reference number will issue to the correspondent. Technical staff will then deal with the query received in accordance with our maintenance standards.

If the initial letter relates to a more general roads issue rather than simply reporting a defect, a substantive reply will issue in the normal way.

In order to reduce the volume of general correspondence reporting routine defects, we are encouraging the reporting of defects through our on-line "Report a Fault" section on our website. Alternatively a phone call can be made to one of our telephone operatives who will record the details directly onto the "Report a Fault" system. You can report a fault on-line at [nidirect.com](http://nidirect.com) or by telephone to 02890540540.

It is noted that the vast majority of dealings with the public are by phone or email and the number of visitors to our offices has reduced considerably as communication methods have improved. Therefore it has also been decided that the Section Offices will have reduced opening to public hours of 10am - 12noon although meetings outside of this can be arranged by appointment.

## 2.1 STRUCTURAL MAINTENANCE - Completed works 2016-2017

### Resurfacing

A total length of 52.18 kms of road has been resurfaced in the 2016-2017 financial year at a cost of £6.65 million. Below are details of the most significant lengths of schemes undertaken. Routes completed under the Rural Roads Initiative were listed in the previous report.

### Resurfacing: (Fermanagh & Omagh West)

**Resurfacing at A32 Tempo Road**

**Resurfacing at A46 Loughshore Road at Blaney**

<b>Road No.</b>	<b>Road Name</b>	<b>Length (M)</b>
A32	Dromore Rd, Irvinestown at Pound St	700
A32	Enniskillen Road at Kilgortnaleague	1020
A32	Tempo Rd at Breandrum	760
A46	Loughshore Rd at Miltown Blaney	3160
A46	Loughshore Rd at Carrickreagh	1250
A46	Loughshore Rd at Portnacloyaduff	720
A509	Belturbet Road at Teemore	144

## Resurfacing on the remaining road network (Fermanagh & Omagh West)

Road No.	Road Name	Length (M)
B127	Ballyconnell Rd	900
A35	Main St, Kesh	130
B535	Gardners Cross Rd	1635
A34	Clones Rd	3011

## 2.2 ROUTINE MAINTENANCE COMPLETED 2016-2017

### Grass Cutting.

With the limited budget available it was possible to cut the grass verges twice on A, B, and C roads; and once on Unclassified Rural roads last year, with the work being completed by the end of September 2016

### Defects

Section Office staff regularly inspect the local network for actionable defects in accordance with the Road Maintenance Guidelines. These guidelines classify the local roads according to traffic volume and establish corresponding deadlines for the repair of any defects identified.

During this past year In Fermanagh & Omagh West 4963 priority defects were recorded with 95% being repaired inside the specified timescales. In Fermanagh & Omagh East 8860 priority defects were recorded with 91.42% being repaired inside the specified timescales

### **Drainage**

In Fermanagh & Omagh West 18,235 road gullies, 39177 outlets 10 km of open drain were cleaned to assist in controlling surface water and maintain roads in a safe and passable condition. In Fermanagh & Omagh East 19,839 road gullies, 31,039 outlets and 236 km of open drain were cleaned.

### **Public Liability Claims (Fermanagh & Omagh)**

In 2016-2017 we received 167 new claims for compensation. This was made up of:

- 138 claims for vehicular damage,
- 17 personal injury
- 12 for property damage.

In the same period £80,711.78 was paid out on 120 claims, some of which covered settlements relating to previous years.

There were 42 claims rejected during this period.

### 2.3 WINTER SERVICE 2016-17

The official winter maintenance period commenced on 17 October 2016 and ended on 2 April 2017. Generally the winter was milder than previous years but there were many marginal nights when treatment was still required.

### **Fermanagh & Omagh West**

During the winter of 2016/17 there were 59 occasions when salt was applied to the 406 km of roads on the gritting schedule using 2680 tonnes of salt, a decrease of 6% over the previous year when there were 63 salting actions. The first application of salt took place on 6 November 2016 and the last on 25 April 2017.

### **Fermanagh & Omagh East**

During the winter of 2016/17 there were 54 occasions when salt was applied to the 478 km of roads on the gritting schedule using 2846 tonnes of salt, a decrease of 13% over the previous year when there were 65 salting actions. The first application of salt took place on 4 November 2016 and the last action was on 24 April 2017.

**Loading a lorry for a gritting action**

## 2.4 STREET WORKS

TransportNI monitors the installation, maintenance and removal of utility plant within the public road network. The activities of Statutory Utilities are controlled under the *Street Works (Northern Ireland) Order 1995* and a range of Codes of Practice.

An electronic web-based system is used for TransportNI and utilities to exchange street works information. This system, NISRANS (the Northern Ireland Street Works Registration and Notification System) is a jointly owned system involving TransportNI and most utility/communication companies which have Statutory rights to place and maintain their apparatus in or on the public road network. TransportNI can also use NISRANS to control utilities street works activities. Approximately 30% of Statutory inspections are carried out at works stage and subsequent stages prior to accepting reinstatements as final. The cost of these inspections is covered by the utilities.

All reasonable efforts to minimise disruption and delay to road users is employed through advertised road closures and co-ordination of these street works.

All openings (except for emergencies) are notified in advance on the electronic Street Works Gazetteer operated by Symology and monitored by TransportNI.

Over the past year 2488 notifications of intention to excavate in the highway were made by the various utilities in the Fermanagh & Omagh West area, of which 267 were subject to inspection. Of those reinstatements inspected 10.4% were classified as unsatisfactory. In the Fermanagh and Omagh East District Council area, 2143 notifications of intention to excavate in the highway were made of which 982 were subject to inspection. The inspections identified the need for 431 further action reports of additional action required by the Statutory Undertaker.

## 2.5 STRUCTURAL MAINTENANCE - Planned Works 2017-2018

### Resurfacing

In the 2017-2018 financial year it is proposed to resurface the following roads on the Trunk network at an estimated cost of £0.6 million

#### Resurfacing TRN network (Fermanagh & Omagh West)

Road No	Road Name	Length (m)
A4	Sligo Road at Rossole (Western Cars)	950
A4	Sligo Road at Drumawill (Reilly's Cross)	250

#### Resurfacing TRN network (Fermanagh & Omagh East)

Road No	Road Name	Length (m)
A5	Curr Road (2+1 at Newtownsaville)	1100
A5	Great Northern Road	700

In the 2017-2018 financial year it is proposed to resurface the following other roads on the network at an estimated cost of £0.75 million in the Fermanagh and Omagh District Council area.

#### Resurfacing – other roads (Fermanagh & Omagh West)

Road No	Road Name	Length (m)
A32	Dromore Road at Drumharvey	900
B72	Castleberg Road at Tonawore	450

In the event of additional in-year funding the following routes have been prioritised for inclusion in the resurfacing programme;

<b>Road No</b>	<b>Road Name</b>	<b>Length (m)</b>
A47	Killadeas Road at Castle Archdale	500
U1630	Scallen Road, Irvinestown	100

**Resurfacing – other roads (Fermanagh & Omagh East)**

<b>Road No</b>	<b>Road Name</b>	<b>Length (m)</b>
B122	Ecclesville Road, Fintona	800
B48	Main Street, Gortin	250
U 1658	Creevanagar	600
U1701	Farmhill Road	400
B122	Ecclesville Road( Syonfin)	1400
C625	Old Mountfield Road	250

In the event of additional in-year funding the following routes have been prioritised for inclusion in the resurfacing programme;

<b>Road No</b>	<b>Road Name</b>	<b>Length (m)</b>
B4	Hospital Road	420
B46	Moylagh Road	400
B46	Main Street, Sixmilecross	300
B122	Tattyreagh Road	1000

## **Flood Alleviation**

Following the severe flooding in 2015 the Executive made available £1.3m to be targeted towards Flood Alleviation schemes. Western Division bid for and secured the majority of this funding and over £900k was made available to help deliver schemes within the Division. It was recognised that the most major problems were in the Fermanagh area and in order to maximise the benefit to the greatest number of road users the following roads were selected for treatment:

<b>Road No</b>	<b>Road Name</b>	<b>Est (£ k)</b>
B127	New Bridge Road at Share	635k
B533	Wattlebridge Road at Derrykerrib	100k
C436	Inishmore Road	50k
C440	Boho Road near Cloghane Bridge	50k
U6525	Wellington Road spur at Forum entrance	50k

## **Surface Dressing**

This year it is proposed to surface dress approximately 353 kms of road in the Fermanagh and Omagh District Council area.

### **Surface Dressing (Fermanagh & Omagh West)**

<b>Road No</b>	<b>Road Name</b>	<b>Length (m)</b>

B107	Clabby Road from Tattinweir to Fivemiletown	Upgrade all warning signs on route- 8 No
A32	Swanlinbar Road from Three Way Inn to border	Upgrade all warning signs on route- 64 No
U6509	Chanterhill Road, Enniskillen	Provision of centre hatch markings on carriageway at collision site

## LOCAL TRANSPORT AND SAFETY MEASURES

### 3.1.2. PLANNED WORKS 2017-2018

In the 2017-2018 financial year £142k has been allocated for Local Transport and Safety Measures within the Fermanagh and Omagh District Council area.

#### Carriageway improvements

Road No	Road Name	Description
B84/U1608	Dooish Road/Priestown Road, Dromore	Improve forward sight distance
B122/U1306	Tattyreagh Road/Drumragh Road, Omagh	Sightline improvement
A5/C631	Curr Road/Tullyrush Road junction, Omagh	Carriageway improvements to assist right turning movements.
A4 / A32	Dublin Road/Wickham Place, Enniskillen	Completion of carriageway widening scheme to provide additional traffic lanes to improve traffic progression out of town.

## **Pedestrian measures**

<b>Road No</b>	<b>Road Name</b>	<b>Description</b>
A32	Queen Street, Enniskillen	Upgrade existing Pelican to a Puffin Crossing
C709	Belmore Street, Enniskillen	Up-grade existing pelican crossing with new signal equipment
A34	Clones Road, Newtownbutler	Provide 110m of new footway link on southern side of the carriageway
U6518	Halls lane, Enniskillen	Provide accessible crossing points on footway at 4 locations
U6523	Wesley Street, Enniskillen	Provide accessible crossing point on footway with tactile paving
U6521	Regal Pass, Enniskillen	Provide accessible crossing point on footway with tactile paving
C452	Drumeer Road, Maguiresbridge	Provide accessible crossing points on footway at 3 locations
U9425	Drumgoon Road, Maguiresbridge	Provide accessible crossing points on footway at 4 locations
A34	Main Street, Newtownbutler	Provide accessible crossing points on footway at 6 locations
B4	Drumnakilly Road, Carrickmore	Provision of 190m of footway on the southern side of the carriageway
B46	Beragh, Main Street	Provide Pedestrian Build Outs
B48	Drumragh Avenue, Omagh	Provide pedestrian crossing point with tactile paving
U6513	Castlecoole Road, Enniskillen	Provide short section of missing footway link at Killynure Park

---

### **Road signs and markings**

A5	Garvaghey to Section Boundary	Renew all direction signs on route
A5	Garvaghey to Section Boundary	Up-grade where necessary hazard warning signs on route
B80	Enniskillen to Tempo	Renew all direction signs on route
A34	Maguiresbridge to Newtownbutler	Renew all direction signs on route
A34	Maguiresbridge to Newtownbutler	Up-grade where necessary hazard warning signs on route

---

### **Traffic calming**

<b>Road Name</b>	<b>Scheme details</b>
Old Rossorry Road, Enniskillen	Provide 3 tapered edge road humps with associated signs and carriageway markings

---

### **Cycle measures**

<b>Road No</b>	<b>Road Name</b>	<b>Description</b>
A4	Sligo Road, Enniskillen	Provide shared footway/cycleway between Henry Street and Waterways Ireland - Active travel project

---

It is intended that the following Local Transport and Safety Measures schemes will be progressed to detailed design and land acquisition stage. If additional funding becomes available during the financial year, it may permit some of these schemes to progress to the construction stage.

<b>Road No</b>	<b>Road Name</b>	<b>Description</b>
B46/C418	Kilskeery Road/Fingerpost Road, Kilskeery	Sightline Improvement.
B80/C660	Tattymoyle Road/Tonnagh Road, Fintona	Sightline Improvement
B122/C632	Tattyreagh Road/Letfern Road, Tattyreagh	Sightline improvements at the crossroads.
B168	Aghafad Road, Fintona	Provision of 150m of footway on northern side of carriageway.
A3	Cavan Road, Newtownbutler	Sightline improvement
B80	Cullion Road, Tempo	Sightline improvement

### 3.2 STRUCTURES MANAGER: David McKinley

email: [TransportNI.western@infrastructure-ni.gov.uk](mailto:TransportNI.western@infrastructure-ni.gov.uk)

### 3.3.1 Completed Works 2016-2017

#### Street Lighting

The total number of lights in the district is presently 16,633. Regular outage repair is carried out following in coming reports from the general public via our on line reporting system ([www.nidirect.gov.uk](http://www.nidirect.gov.uk)) or on the central call number ( 0300 200 7899)

Expenditure on street lighting during 2016-2017, including extra funds received during the year, amounted to £931,215 for maintenance (including £686,496 on energy). Total capital expenditure amounted to £332,216.

The following capital works were carried out during 2016/2017: -

<b>SCHEME TITLE</b>	<b>SCHEME DESCRIPTION</b>
Fermanagh and Omagh car parks	Completion of separation of electrical systems for hand over to Council started 2015/16
Fermanagh and Omagh refuge lights	Lantern replacement with LED lanterns
Gortin Rd, Omagh	Completion of column, cable & lantern replacement with LED lanterns commenced 2014/15
Camowen Terrace, Omagh	Street Lighting renewal scheme
Sunningdale/Ashley Gdns, Omagh	Street Lighting renewal scheme replacing NIE wood pole lights
Fairgreen Gdns/Loughrey Terrace, Drumquin	Street Lighting renewal scheme
Festival Pk, Omagh	Lantern replacement with LED lanterns
Cannon Hill, Omagh	Lantern replacement with LED lanterns

<b>SCHEME TITLE</b>	<b>SCHEME DESCRIPTION</b>
Coolnagard Drive, Omagh	Lantern replacement with LED lanterns
Ferone Drive, Omagh	Lantern replacement with LED lanterns
Dervaghroy Rd, Beragh	Column and cable replacement along with footpath provision
Irvinestown Rd/Cherrymount Rd, Enniskillen	Column, cable & lantern replacement with LED lanterns
Dublin Rd, Enniskillen (Lough Yoan Rd junction)	Column, cable & lantern replacement with LED lanterns
Belleek Village	62 No low pressure sodium lanterns replaced with LED lanterns
Old Henry St, Enniskillen	Street Lighting renewal scheme replacing NIE wood pole lights
Cleenish Pk, Enniskillen	Completion of Street Lighting renewal scheme commenced 2015/16
Mill St, Irvinestown	Completion of Street Lighting renewal scheme replacing NIE wood pole lights started 2015/16

Cul-de-sac off Main St, Maguiresbridge	Street Lighting renewal scheme along with footpath renewal
Monea Rd, Derrygonnelly	Street Lighting renewal scheme replacing NIE wood pole lights
Fairgreen Rd/Caldrum Rd, Derrygonnelly	Street Lighting renewal scheme replacing NIE wood pole lights
Knockmore Rd, Scribbagh	Street Lighting renewal scheme replacing NIE wood pole lights

**SCHEME TITLE****SCHEME DESCRIPTION**

---

Benaughlin Pk, Enniskillen

Street Lighting renewal scheme along with footpath renewal

---

Killynure Pk, Enniskillen

Street Lighting renewal scheme replacing NIE wood pole lights

---

Carrowshee Pk, Lisnaskea

Street Lighting renewal scheme along with footpath renewal

---

Barragh Gardens, Ballinamallard

Street Lighting renewal scheme along with footpath renewal

---

Makenny Crescent, Ballinamallard

Street Lighting renewal scheme along with footpath renewal

---

### **3.3.2 Planned Work 2017-2018**

In the 2017-2018 financial year £210,000 has been allocated for capital street lighting works within the Fermanagh Omagh District Council area. This will be used to continue our general programme of improvement/replacement of older systems and the installation of additional energy efficient LED lanterns.

Opportunity will also be taken to improve street lighting in areas where other street works are planned.

The following street lighting works are currently planned for 2017-2018:

<b>SCHEME TITLE</b>	<b>SCHEME DESCRIPTION</b>
Seskinore Court, Seskinore	Completion of lantern renewal with LED's from 2016/2017 program
Letfern Rd, Seskinore	Completion of lantern renewal with LED's from 2016/2017 program
Festival Pk, Omagh	Additional columns at parking area
Watson Pk, Omagh	Street Lighting renewal scheme
Dromore Rd, Omagh	Street Lighting renewal scheme
Kilskeery Village	Street Lighting renewal scheme replacing NIE wood pole lights
Clabby Rd, Clabby	Street Lighting renewal scheme replacing NIE wood pole lights along with footpath renewal started 2016/2017
Main St, Tempo	Street Lighting renewal scheme
NIE pole lights, Belleek	Completion of lantern renewal with LED's from 2016/2017 program
Derrylester area	Completion of lantern renewal with LED's from 2016/2017 program

<b>SCHEME TITLE</b>	<b>SCHEME DESCRIPTION</b>
Inishmore Rd, Ballindarragh	Completion of lantern renewal with LED's from 2016/2017 program
Church Lane, Newtownbutler	Completion of lantern renewal with LED's from 2016/2017 program
Milltown Court, Newtownbutler	Completion of lantern renewal with LED's from 2016/2017 program
Royal Oak Rd, Donagh	Completion of lantern renewal with LED's from 2016/2017 program
Lettergreen Rd, Donagh	Completion of lantern renewal with LED's from 2016/2017 program
Aghadrumsee Rd, Aghadrumsee	Completion of lantern renewal with LED's from 2016/2017 program
Dernawilt Rd, Rosslea	Completion of lantern renewal with LED's from 2016/2017 program
Clogh Rd, Cloghmore	Completion of lantern renewal with LED's from 2016/2017 program
Dublin Rd, Enniskillen	Lantern replacement with LED lanterns

## 4.0 NETWORK PLANNING

Email: [Paul.Cassidy@infrastructure-ni.gov.uk](mailto:Paul.Cassidy@infrastructure-ni.gov.uk)

#### **4.1 Planning Consultations**

TransportNI is a statutory consultee to the planning process and in carrying out this role provides specialist advice to the planning authority on roads and transportation related matters associated with proposed development.

Our Development Control Section examines a planning application from a number of different aspects including access to the public road, road safety, transportation, traffic progression and car parking depending on the type of application.

In the previous calendar year 2016 Development Control Section dealt with 873 planning consultations in the Fermanagh & Omagh District Council area. These range from single dwelling applications to major housing & mixed use retailing applications.

#### **4.2 Private Streets**

We have been successful in adopting 11 private streets within developments and a total length of 2.563 km has been added to the maintained network in the past year. These include:

<b>Location</b>	<b>Adopted Length</b>
Meadowvale, Garrison	116m
Devenish Manor, Enniskillen	648m
Ashbourne Manor, Enniskillen	708m
Spring Meadows, Derrylin	317m
Loughview Close, Omagh	71m
Loughview Gardens, Omagh	60m
Killybrack Glen, Omagh	82m
Gortdale, Gortin	133m

<b>Location</b>	<b>Adopted Length</b>
Aghagogan Park, Carrickmore	55m
Main Street, Sixmilecross	130m
Sheskinshule View, Greencastle	243m

**Recently adopted: Ashbourne Manor, Enniskillen**

### **Private Streets - Enforcement**

Private Streets Section continues to invoke enforcement proceedings against developers who fail in their responsibility to provide bonds before commencement of work on site. This takes the form of a series of warning letters followed if necessary by enforcement action.

DFI Roads will afford a developer every opportunity to fulfil their responsibilities in completing development infrastructure works to an adoptable standard. Where it becomes evident that a developer is either incapable or unwilling to complete the work, DFI Roads will consider initiating legal proceedings. This may result in the need for DFI Roads to complete the works and recover the costs.

DFI Roads has a finite contracting resource at its disposal and given the variation in annual funding levels, the availability of contracting resource to deliver private street enforcement works cannot be assured. In addition, DFI Roads has no control over the interests of other stakeholders, primarily Northern Ireland Water (NIW), which impact on the delivery of the completion of adoption works.

DFI Roads is undertaking enforcement completion works on:

Hawthorne House, Omagh

---

Carnwood Phase 2, Lisnaskea

---

Spring Meadows, Derrylin

---

Phoenix Manor, Belleek

---

Raceview Court, Enniskillen

---

Sprucehill, Briarshill and Hazelwood, Irvinestown

---

Kellier Park, Derrylin

---

Killynure Wood, Enniskillen

---

Beechwood, Lisnaskea

---

Carnhill, Irvinestown

---

Rathfort Crescent, Belleek

---

It is currently anticipated that enforcement will be initiated during the 2016/17 financial years in respect of:

Castlegrove, Omagh

---

Killynure Court, Mountjoy

---

Creevanmore, Clanabogan

---

Cloverbrae, Enniskillen

---

Castletown Manor, Monea

---

Beechtree Lane, Tempo

---

Station Court, Kesh

---

Lisnaskea Enterprise Centre, Lisnaskea

---

Heather Glen, Trory

---

The Beeches, Belnaleck

---

Whiteisland Court, Belleek

---
