Agricultural crime has shown an overall downwards trend since the start of the data series in 2010/11.

In the 12 months from 1st April 2021 to 31st March 2022:

- There were 196 agricultural crimes recorded in Northern Ireland, a fall of 95 on the previous 12 months and continuing the downward trend seen since the start of the data series in 2010/11.
- 98 per cent of agricultural crime was identified as occurring in rural settlement areas
- Agricultural crime represented 0.9 per cent of all burglary, robbery and theft offences
- Ten policing districts experienced a fall in levels of agriculture crime.

1. Things you need to know about this release

Coverage

This release is produced in accordance with the pillars and principles set out in the Code of Practice for Statistics.

The Police Service of Northern Ireland (PSNI) publishes figures on the levels and trends in agricultural and rural crime in Northern Ireland. These figures are based on police recorded crime data and details of the definitions and methodology used are provided below. The statistics are collated and produced by statisticians seconded to PSNI from the Northern Ireland Statistics and Research Agency (NISRA).

This bulletin presents agricultural and urban/rural crime for the following time periods This bulletin presents agricultural and urban/rural crime for the latest twelve months 1st April 2021 to 31st March 2022 (financial year 2021/22) and the previous 12 months 1st April 2020 to 31st March 2021 (financial year 2020/21).

Figures were compiled on 4th May 2022, using data extracted from the police administrative system on that date. All tables and charts in the bulletin, along with figures for financial years dating back to 2010/11 and for calendar years dating back to 2011 are available from the PSNI website in the [Agriculture and Rural Crime spreadsheet for March 2021, 57KB \(opens in a new window\)](#).

The next update covering the 12 months to 30th June 2022 will be published on 28th July 2022. A full [publication schedule, 32KB \(opens in a new window\)](#) is available on the PSNI website.

Definitions

Agricultural Crime – the agricultural crime figures in this bulletin represent offences of burglary, robbery and theft where the victim is involved in an agricultural-based activity. Agricultural crime covers burglary, robbery and theft offences where the property or vehicles stolen have an agricultural link (e.g. farm equipment, agricultural vehicles, livestock) or where the location was agricultural (e.g. farm, farmhouse). This information is identified from both drop down pick lists and free text searches using key agricultural-related words.

Urban/Rural crime – this covers all burglary, robbery and theft offences, split into these two geographical areas based on an aggregation of settlement bands. Please note that not all agricultural crime will occur in a rural settlement.

The urban/rural crime split is based on classification boundaries that are available for Northern Ireland as defined by the Planning Service, these areas being defined from Settlement Development Limits. Further details are available from the [NISRA website \(opens in a new window\)](#). Crimes are allocated to urban or rural by linking the available postcode information for the crime location to the Central Postcode Directory.

Data Revisions

Agricultural crime tables: As the methodology used to identify agricultural crimes relies on data extracted from a live operational system, figures contained in the agricultural crime tables may be subject to revision. Further information is provided in the NOTES section on the last page of this bulletin.

Urban/Rural tables: Revisions to previously published data are applied on an annual basis to financial year crime figures from 2015/16 onwards, as a result of the introduction of the wider outcomes framework in April 2015. These revisions take account of crime cancellations and sanction outcomes identified since the previous annual publication. Revisions of this nature have been applied in May 2022. Further guidance on crime cancellation can be found in the [Home Office Counting Rules for Recorded Crime \(opens in a new window\)](#).

2. What is happening to levels of agricultural crime over the longer term?

The number of burglary, robbery and theft offences relating to agricultural-based activity has shown an overall downwards trend from 937 offences recorded in 2010/11 to 196 recorded in 2021/22. The figures for 2021/22 show a decrease of 95 when compared with 2020/21 and are just over one fifth of the level recorded in 2010/11. [Figure 1]

Figure 1 Trends in agricultural crime since 2010/11

The falling levels of agriculture crime since April 2016 are shown in Figure 2 below.

Figure 2 Agricultural crime each month

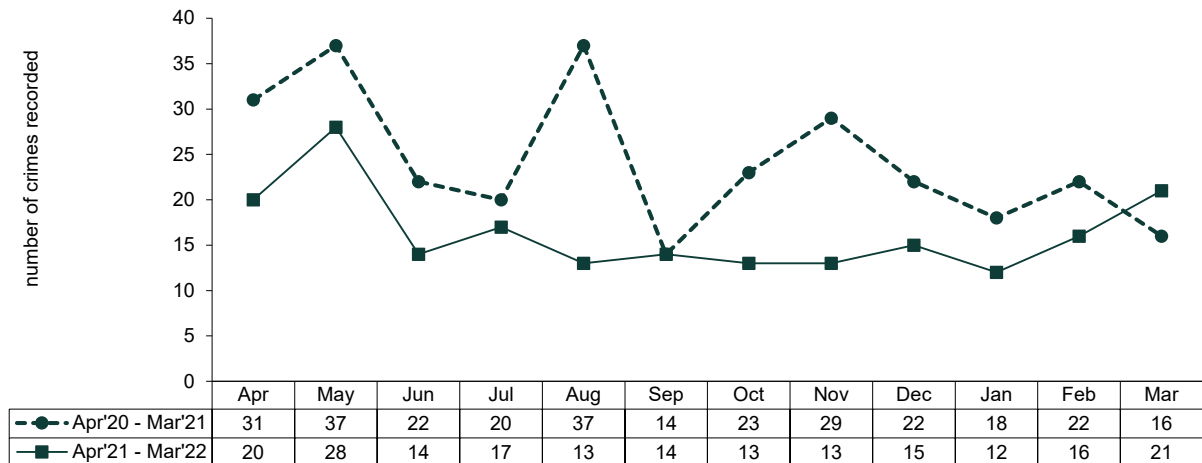

3. What has been happening to levels of agricultural crime more recently?

In the 12 months from 1st April 2021 to 31st March 2022:

- There were 196 agricultural crimes recorded in Northern Ireland, a fall of 95 on the previous 12 months and continuing the downward trend since 2010/11. [Table 1 and Figure 1]
- 98 per cent of agriculture crime was identified as occurring in rural settlement areas. Since 2010/11 this proportion has ranged between 95 and 98 per cent¹. [Table 2, accompanying spreadsheet]
- Burglary and robbery represented 29 per cent of agricultural crime, while theft represented 71 per cent. Since 2010/11 burglary and robbery have represented between 27 and 36 per cent of agricultural crime while theft has represented between 64 and 73 per cent. [Table 3, accompanying spreadsheet]
- Agriculture crime represented 0.9 per cent of all burglary, robbery and theft offences. This compares with 1.4 per cent during the previous 12 months and is the lowest proportion seen since the start of the data series. The highest proportion of 2.4 per cent was seen in 2010/11, 2012/13 and 2013/14. [Tables 1 and 5]
- The highest level of agriculture crime was seen in Newry, Mourne & Down (39), followed by Armagh City, Banbridge & Craigavon (32), Mid Ulster (31), Fermanagh & Omagh (27), Causeway Coast & Glens (23) and Mid & East Antrim (16). [Table 1]
- Ten of the policing districts showed a decrease in levels of agricultural crime. Antrim & Newtownabbey had the greatest decrease (-22). Belfast City increased from 0 to 1. [Table 1]

Figure 3 Agricultural crime April 2021 to March 2022

¹ Urban/rural settlement figures are identified through matching the postcode of the occurrence with the Central Postcode Directory.

Table 1 Agriculture Crime (burglary, robbery and theft offences for agricultural-based activity) by Policing District

Policing district	Agricultural Crimes Apr'20-Mar'21	Agricultural Crimes Apr'21-Mar'22	Change
Belfast City	0	1	1
Lisburn & Castlereagh City	16	8	-8
Ards & North Down	9	4	-5
Newry, Mourne & Down	42	39	-3
Armagh City, Banbridge & Craigavon	43	32	-11
Mid Ulster	32	31	-1
Fermanagh & Omagh	40	27	-13
Derry City & Strabane	23	12	-11
Causeway Coast & Glens	36	23	-13
Mid & East Antrim	25	16	-9
Antrim & Newtownabbey	25	3	-22
No district assigned	0	0	0
Northern Ireland	291	196	-95

Table 2 Agriculture Crime (burglary, robbery and theft offences for agricultural-based activity) split by Urban/Rural settlements

	Agricultural Crimes Apr'20-Mar'21	Agricultural Crimes Apr'21-Mar'22	Change
Urban	6	3	-3
Rural	285	193	-92
Not known	0	0	0
Total	291	196	-95

Table 3 Agriculture Crime (burglary, robbery and theft offences for agricultural-based activity) split by type of offence

	Agricultural Crimes Apr'20-Mar'21	Agricultural Crimes Apr'21-Mar'22	Change
Burglary / Robbery	86	56	-30
Theft	205	140	-65
Total	291	196	-95

4. What is happening to levels of urban and rural crime over the longer term?

Between 2010/11 and 2021/22:

- Looking at Northern Ireland as a whole, burglary, robbery and theft offences showed an overall downwards trend between 2010/11 and 2021/22, with the level recorded in 2021/22 representing a fall of 44.4 per cent when compared with 2010/11. [Table 6]
- The number of burglary, robbery and theft offences in **rural settlements** fell each year between 2010/11 and 2021/22 with the exception of 2018/19. The level of 3,784 recorded in 2021/22 is a 58.9 per cent reduction on the 9,211 offences recorded in 2010/11. [Table 6]
- Levels of burglary, robbery and theft offences in **urban settlements** have shown an overall downwards trend since 2010/11. The level of 18,345 recorded in 2021/22 shows a fall of 40.0 per cent when compared with 2010/11. [Table 6]
- Between 2010/11 and 2021/22 the *proportion* of burglary, robbery and theft offences occurring in urban settlement areas increased from 77 per cent in 2010/11 to 81 per cent in 2013/14 and remained at either 81 per cent or 82 per cent between 2014/15 and 2020/21. In 2021/22 this proportion rose to 83 per cent. Correspondingly the *proportion* of these offences occurring in rural settlements fell from 23 per cent in 2010/11 to 19 per cent in 2013/14, remained at 18 per cent or 19 per cent in each year between 2014/15 and 2020/21, and fell further to 17 per cent in 2021/22. [Table 6]

Figure 4 Trends in burglary, robbery and theft offences by urban and rural split since 2010/11

5. What has been happening to levels of urban and rural crime more recently?

In the 12 months from 1st April 2021 to 31st March 2022:

- In Northern Ireland as a whole, burglary, robbery and theft offences increased by 5.6 per cent (1,175 offences). [bulletin Table 4, spreadsheet Table 5]
- The number of burglary, robbery and theft offences in **rural settlements** decreased by 2.5 per cent (99 offences). [bulletin Table 4, spreadsheet Table 5]
- Levels of burglary, robbery and theft offences in **urban settlements** increased by 7.5 per cent (1,274 offences). [bulletin Table 4, spreadsheet Table 5]
- The *proportion* of burglary, robbery and theft offences occurring in urban settlement areas was 83 per cent, with the *proportion* of these offences occurring in rural settlements sitting at 17 per cent. This compares with proportions of 81 per cent and 19 per cent recorded during the previous 12 months. [bulletin Table 4, spreadsheet Table 5]
- The percentage of burglary, robbery and theft offences occurring in rural settlement areas was 51 per cent in Mid Ulster, 49 per cent in Fermanagh & Omagh, 37 per cent in Newry, Mourne & Down, 31 per cent in Causeway Coast & Glens, 26 per cent in Armagh City, Banbridge & Craigavon, 24 per cent in Mid & East Antrim, 23 per cent in Lisburn & Castlereagh City, 21 per cent in Ards & North Down, 17 per cent Derry City & Strabane and 17 per cent in Antrim & Newtownabbey. The figure was less than 1 per cent in Belfast City. [bulletin Table 4, spreadsheet Table 5]

Table 4 Urban/Rural Crime (burglary, robbery and theft offences based on geographical location) by Policing District, Current and previous 12 months

Policing district	Urban Crimes Apr'20-Mar'21	Urban Crimes Apr'21-Mar'22	Rural Crimes Apr'20-Mar'21	Rural Crimes Apr'21-Mar'22	Total Crimes Apr'20-Mar'21	Total Crimes Apr'21-Mar'22
Belfast City	7,796	8,761	22	30	7,818	8,791
Lisburn & Castlereagh City	1,062	1,032	322	317	1,384	1,349
Ards & North Down	828	814	220	216	1,048	1,030
Newry, Mourne & Down	1,030	1,083	674	639	1,704	1,722
Armagh City, Banbridge & Craigavon	1,395	1,429	464	490	1,859	1,919

Northern Ireland	17,071	18,345	3,883	3,784	20,954	22,129

6. Background notes

Like any administrative data, police recorded crime statistics are affected by the rules governing the recording of data, systems in place and operational decisions in respect of the allocation of resources. More proactive policing in a given area could lead to an increase in crimes recorded without any real change in underlying crime trends. These issues need to be taken into account when using these data.

Definitions

Agricultural crime covers burglary, robbery and theft offences where the property or vehicles stolen have an agricultural link (e.g. farm equipment, agricultural vehicles, livestock) or where the location was agricultural (e.g. farm, farmhouse). This information is identified from both drop down pick lists and free text searches using key agricultural-related words.

Urban/Rural crime covers all burglary, robbery and theft offences, split into these two geographical areas based on an aggregation of settlement bands.

Please note that not all agricultural crime will occur in a rural settlement.

Data Accuracy and Revisions

Agricultural crime figures are based on a range of information extracted from a live crime recording system and, as such, will always be subject to revision.

Within the current financial year revisions may occur because:

- There will be incidents identified as crimes but not processed on the crime recording system by the time the figures are extracted for presentation in these tables.
- Figures may change from month to month due to crimes being reclassified from one crime type to another during the financial year. This may be because quality checks have identified the crime as incorrectly classified, or further information may indicate that the circumstances surrounding the crime were not as initially recorded.
- The Home Office Counting Rules allow crimes initially recorded to be 'no crime'd' or removed from the crime figures.

Revisions to any records within the dataset may also occur as information in relation to property stolen, vehicles stolen and location may be updated on the live system. This may be through adding additional information or updating existing information based on more up-to-date details.

The urban/rural figures are identified through matching the available postcode to the Central Postcode Directory. Postcode accuracy and availability within the current financial year will not be of the same quality or completeness as a full financial year. This is because additional quality checks are completed at the end of each financial year to improve postcode quality and completeness. Further details are available in the [User Guide to Police Recorded Crime Statistics in Northern Ireland, 1MB \(opens in a new window\)](#).

Annual Revisions: Revisions to previously published data are applied on an annual basis to financial year crime figures from 2015/16 onwards, as a result of the introduction of the wider outcomes framework in April 2015. These revisions take account of crime cancellations and sanction outcomes identified since the previous annual publication. Revisions of this nature have been applied in May 2022. Further guidance on crime cancellation can be found in the Home Office Counting Rules for Recorded Crime.
