The next edition of this bulletin will be published in May 2020.

The Northern Ireland Housing Bulletin is produced each quarter by the Professional Services Unit (PSU) of the Department for Communities. The Bulletin contains information on starts and completions, homelessness, the House Price Index and NHBC registered new dwelling sales and prices.

PSU receives data for the Housing Bulletin from a number of data providers. PSU carries out a number of validation checks to quality assure all data received, however, responsibility for accuracy of the data supplied lies primarily with the source.

National Statistics status means that our statistics meet the highest standards of trustworthiness, quality and public value, and it is our responsibility to maintain compliance with these standards.

The continued designation of the Northern Ireland Housing Bulletin as National Statistics was confirmed in January 2019 following a [compliance check](#) by the Office for Statistics Regulation.

We have made a number of improvements to comply with the Code of Official Statistics, such as providing additional breakdowns of homelessness within the data tables and the release to add value and insight, and including hyperlinks to the data tables and appendix within the release allowing users to access them directly to enhance accessibility.

For further examples and more information, see Notes page 8.

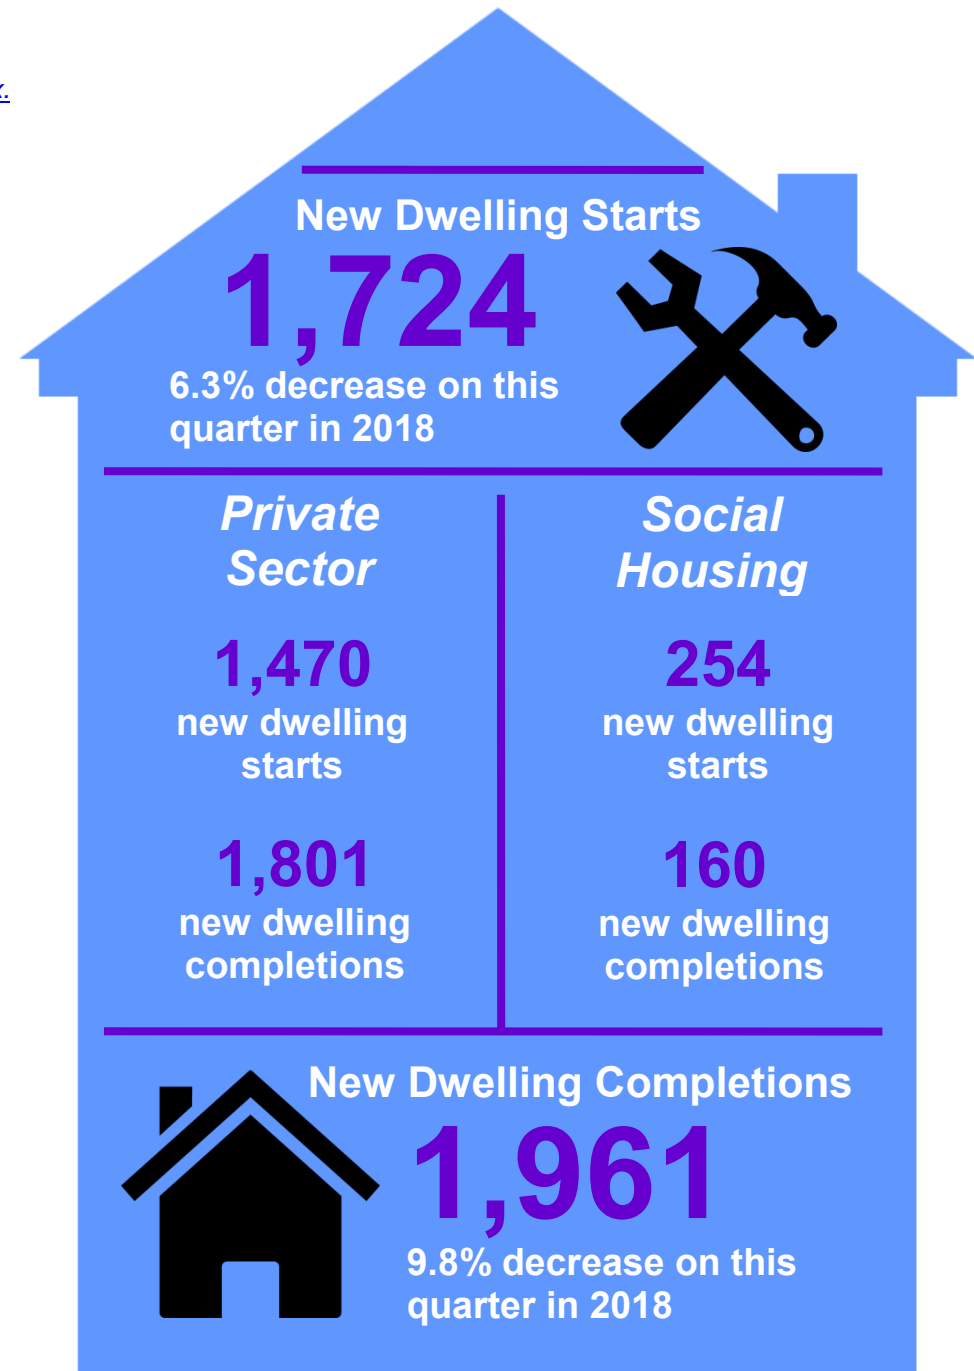

SECTION ONE: SUPPLY

Supporting information can be found in the [accompanying tables](#) and [appendix](#).

This publication reports on two different measures of social housing: Building Control Starts & Completions (page 2) and Social Housing Development Programme (SHDP) Starts & Completions (page 3). These figures often differ from each other, but this is not due to error. The same social housing units are recorded by both data providers, the difference lies in the recording criteria. See appendix for further information.

Northern Ireland House Price Index

- The House Price Index, produced by Land and Property Services, provides a measure of change in the price of a standardised residential property sold in Northern Ireland. The index uses information on all verified residential property sales as recorded by Her Majesty's Revenue & Customs (HMRC).
- The reference base is Quarter 1 2015 at which the index is set to 100. Results for the most recent quarter are provisional and subject to revision. More information on the index is available at: <https://www.finance-ni.gov.uk/articles/northern-ireland-house-price-index>.
- For October-December 2019, the NI House Price Index stands at 126.4. This is an increase of 0.2% on the previous quarter and an increase of 2.5% on the same quarter in 2018.
- The standardised price across all property types for this quarter is £140,190.
- Between October-December 2019 there were 6,021 verified residential property sales in Northern Ireland. This is a decrease of 8.6% from the previous quarter (6,587). The proportions of detached, semi-detached and terrace houses were relatively similar (29.7%, 32.9% and 30.0% respectively), while 7.4% were apartments.

3. Changes from previous releases

In November 2019, to improve timeliness of information released, PSU published both the April-June 2019 and July-September 2019 bulletins.

In November 2019, user engagement survey was reviewed and revised to be more in line with the homeless user engagement survey and moved to Citizen Space in order to improve accessibility.

From May 2019, 'Reasons for Homelessness' categories have been expanded for "Accommodation not Reasonable" and this is illustrated in bulletin. Building Control starts/completions and SHDP starts/completions are now displayed on separate pages. This is based on user feedback and the potential for misinterpretation.

From February 2019 'Reasons for Homelessness' categories have been expanded for "Accommodation not Reasonable" and

"Intimidation" in Tables 2.1 and 2.3.

From November 2018, in Section Two, homelessness comparisons with the previous quarter are no longer reported. Instead comparisons with the same quarter of the previous year are made. This is based on user feedback and the potential for misinterpretation due to seasonal patterns and end of year adjustment.

4. User Engagement

Quarterly Housing Bulletin:

User feedback is welcome so we would like to encourage your participation in our user engagement survey, and thank you in advance:

<https://consultations.nidirect.gov.uk/dfc-analytical-services-unit/ni-housing-statistics-user-engagement-survey>

5. National Statistics

Since the latest review by the Office for Statistics Regulation, the following improvements have been made in order to continue to comply with the Code of Practice for Statistics:

- *Release* – accessibility enhanced by including hyperlinks to the data tables and appendix within the release. This allows users to access them directly.
- *House Price Index* – clarity and context introduced by including the reference period for HPI on the front page.

NOTES

- *Supply* – clarity and insight increased by displaying Building Control starts/completions and SHDP starts/completions on separate pages. This reduces the potential for misinterpretation.
- *Homelessness* – value and insight added by providing additional breakdowns of homelessness within the data tables and the release.
- *Appendix* – clarity increased by labelling each section in the appendix e.g. “SECTION 1. SUPPLY”. This gives a clearer link to users between each chapter, the associated data tables and the appendix.

The statistics last underwent a [full assessment](#) against the [Code of Practice](#) in 2012-2013.

It is the Department for Communities’ responsibility to maintain compliance with the standards expected of National Statistics. If we become concerned about whether these statistics are still meeting the appropriate standards, we will discuss any concerns with the Authority promptly. National Statistics status can be removed at any point when the highest standards are not maintained, and reinstated when standards are restored.

For enquiries about National Statistics, including production or achieving the standards set out by the Code of Practice for Statistics you can email the authority enquiries team (authority.enquiries@statistics.gsi.gov.uk) or phone **0845 604 1857** (Calls cost 5p per minute in addition to your phone company’s access charge). If you would like to write to the National Statistics office, please send letters to: **UK Statistics Authority, 1 Drummond Gate, London, SW1V 2QQ.**
