Neighbourhood Renewal Area Profile Report

2022

Greater Falls
Neighbourhood Renewal Area

Introduction

The aim of the People and Place Strategy is to help close the gap in the quality of life between the most deprived and the rest of society. In pursuing that aim it is important to understand what the key issues are and what needs to be addressed if we are to tackle the complex and multi-dimensional nature of deprivation.

Without knowing the full nature of the problem we were facing it is difficult to see how we can make reasoned decisions regarding the strategic priorities across patterns of deprivation within this area and monitor and evaluate those actions to effect change.

Whilst there have been a number of improvements over recent years, it is essential that we continue to develop the evidence base to better inform our decision making. To do that we need to rely on high quality information, derived from a variety of sources - expert knowledge; stakeholder consultation and existing statistics.

By using small areas geographies that best fit the current targeted areas we have been able to significantly improve the sources of data available to us. This enhanced evidence base provides us with robust and reliable statistics which will allow us to better understand and identify the key issues faced in this area.

This Area Profile report provides statistical data which underpins the 2017 multiple deprivation measures for this area. It provides a statistical evidence baseline for this area in terms of the seven domains of deprivation.

Further project specific data are included as links in Appendix 1.

User Notes

i. The information is broadly split into three parts:

- Multiple Deprivation Ranking for each Domain (MDM 2017)
- Summary
- Measuring of impact across each Key Outcome Indicator.

As the Neighbourhood Renewal Areas are defined by the Multiple Deprivation, MDM rankings are included at the beginning of each section (where available)

The summary infographics of the key background data are provided for each of these.

The measuring of the individual key outcome indicators provides data on a year by year basis across a given period. This information allows the user to examine the trend and variances and consider if there has been any outside influence, for example, the economic downturn.

ii. Care should be taken when interpreting a positive or negative outcome as the NRA may still be experiencing significant problems – improving but still significantly behind Non NRAs.

iii. Universal Credit (UC), which replaced Jobseekers Allowance, Income Support, Working Tax Credit, Child Tax Credit and Housing Benefit, began in September 2017 through a phased geographical roll-out. This may be one of the reasons behind the decrease in claimants across the following:

Job Seekers Allowance

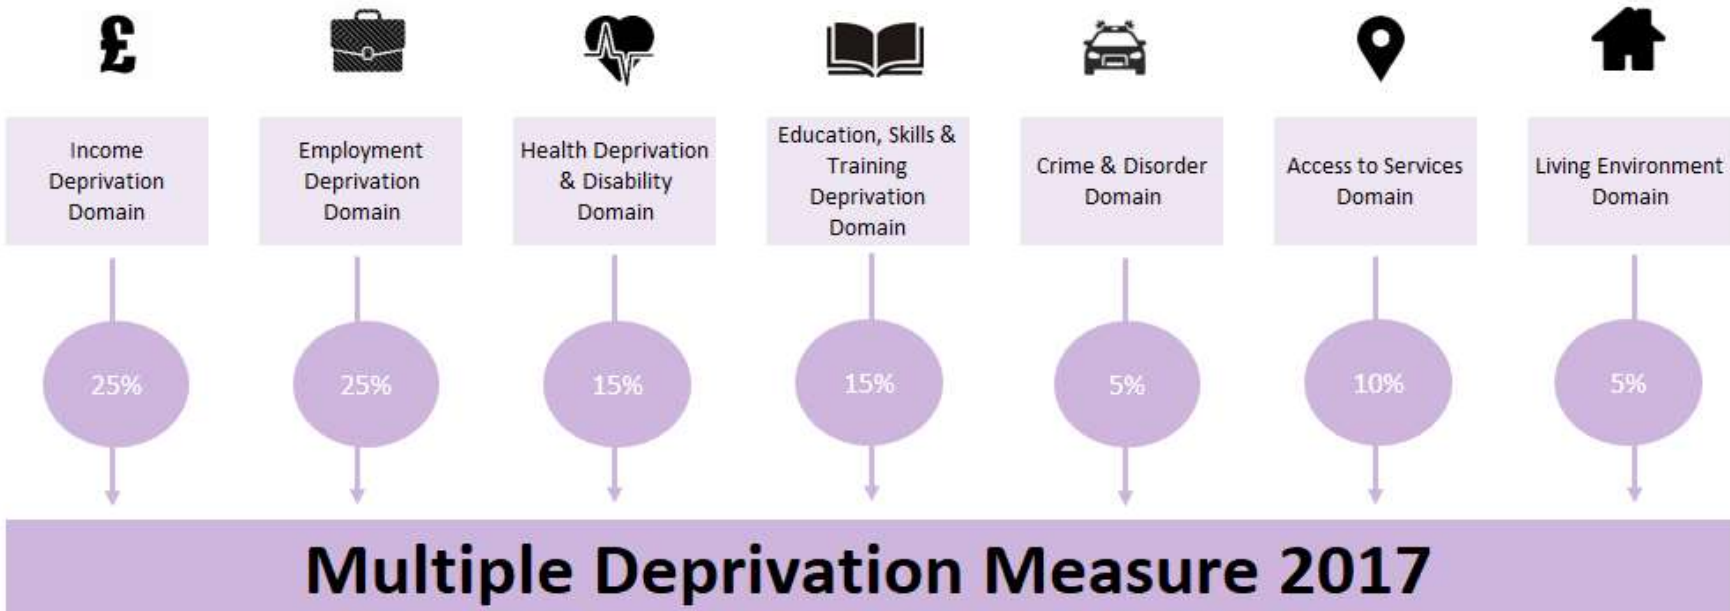

Income Support

Pension Credit

iv. Caution is advised when interpreting change over time where numbers are small. This is particularly evident when examining our smaller NRAs. The Demography section of this report provides information relating to the population size and breakdown.

v. Key Stage assessment data has been impacted by industrial action over the past few years resulting in incomplete returns to the Department. Weighting exercises were conducted on the available data to calculate 'best estimates' at a Northern Ireland level but it is not possible to use the available data to provide information at lower geographical levels or for individual schools. Data for 'No GCSEs' is not available for more recent years due to the small number in Northern Ireland, meaning that analysis by area would not be appropriate.

Seven Domains of Deprivation

The following table details each of the small areas which broadly form the Greater Falls NRA. There are 4,537 small areas across NI with 1 being the most deprived and 4,537 being the least.

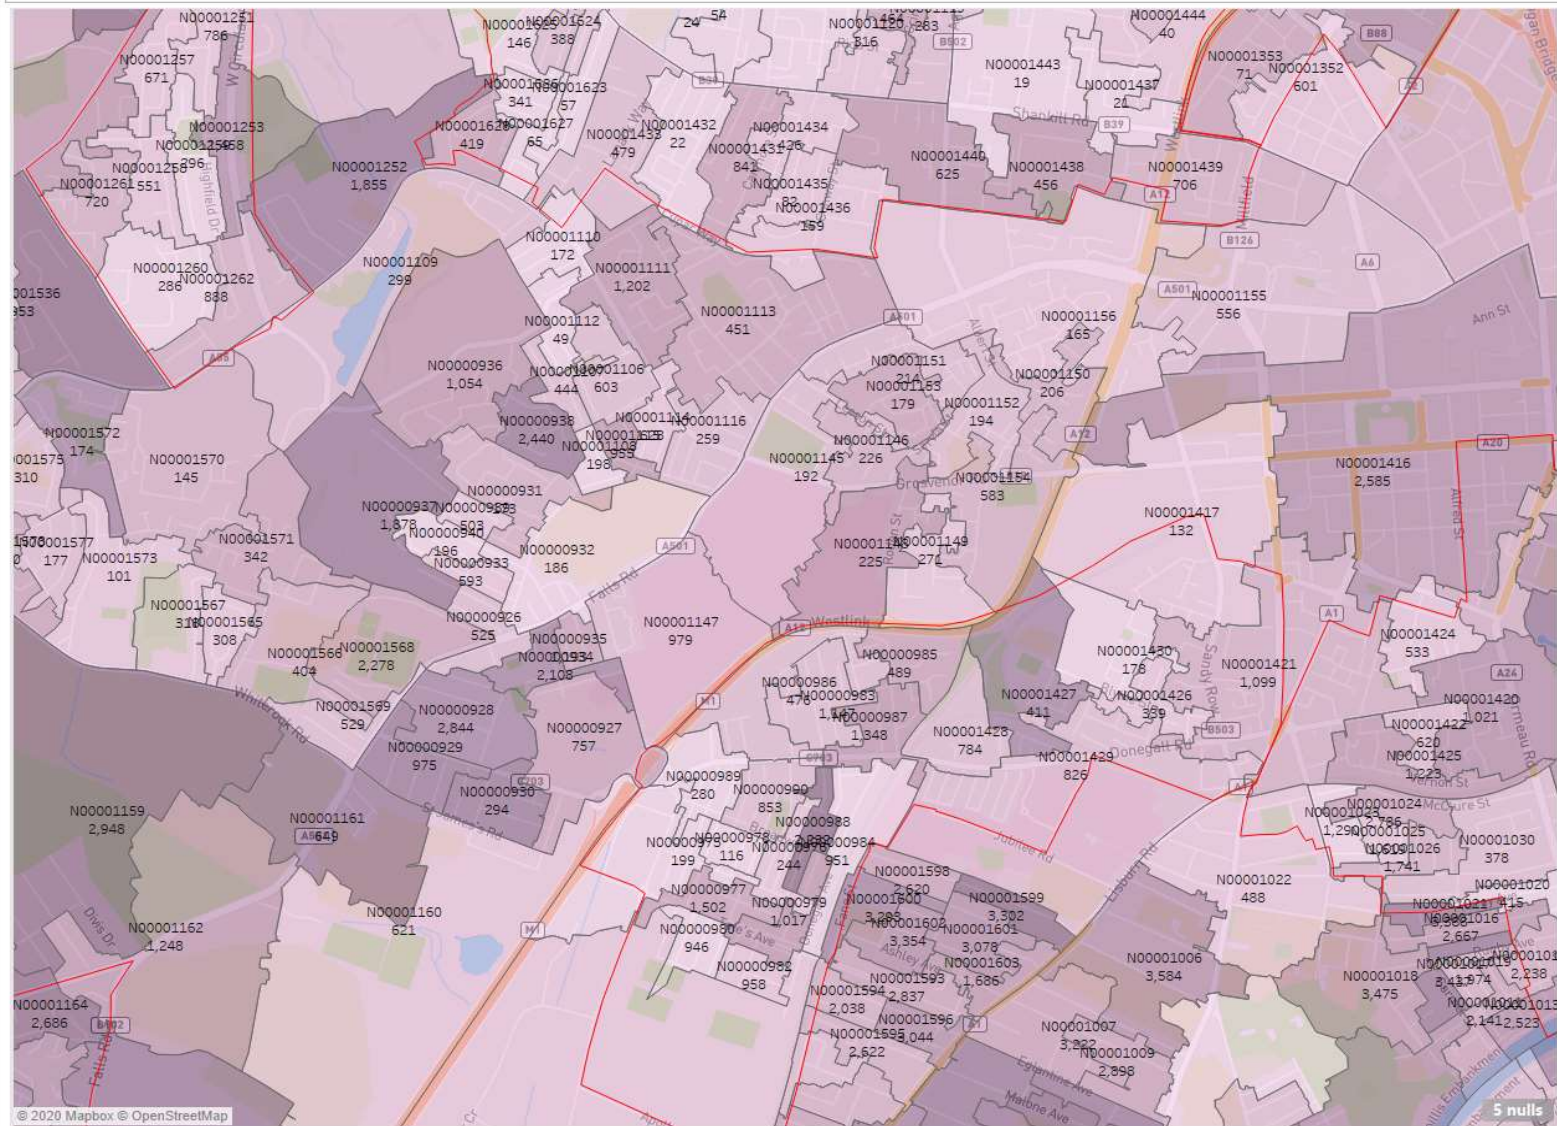

SA	Multiple Deprivation Measure Rank	Income Domain Rank	Employment Domain Rank (18-64 years)	Health Deprivation and Disability Domain Rank	Education, Skills and Training Domain Rank	Access to Services Domain Rank	Living Environment Domain Rank	Crime and Disorder Domain Rank	Population

Small Areas (Wards & MDM 2017)

MDM2017 Summary Stats

Greater Falls Neighbourhood Renewal Area

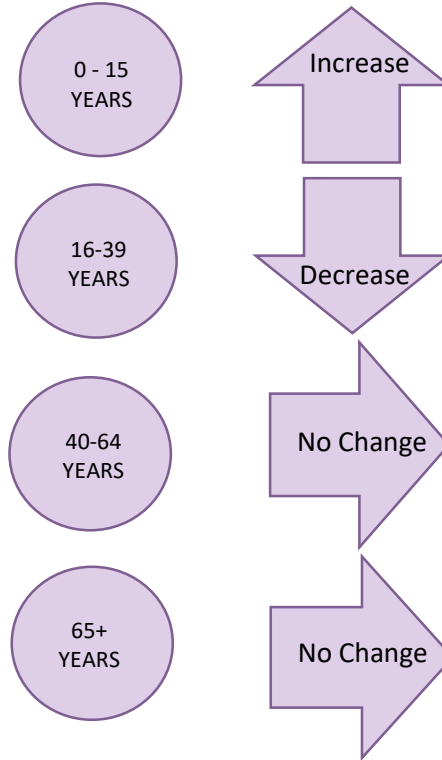

16,959
 Total population in Greater Falls Neighbourhood Renewal area (NRA) In 2020

- Catholic
- Protestant and Other Christian
- Other
- None

Total Males:
 8,071
 0-15 years: 1,973
 16-39 years:
 2,823
 40-64 years:

Population Change 2011-2020

Total Females:
 8,889
 0-15 years: 1,969
 16-39 years:
 3,162
 40-64 years:

15% of the population are living in households whose equivalised income is below 60% of the NI median

23% of the population aged 15 and under are living in households whose equivalised income is below 60% of the NI median

5% of the population aged 65 and over are living in households whose equivalised income is below 60% of the NI median

41% of the working age population are employment deprived

53% of children are in 'Poverty' 0-19 yrs

Economic Renewal Summary

Jobseekers Allowance

83% decrease in jobseekers allowance claimants between 2005 & 2022

Income Support

89% decrease in those claiming income support between 2003 & 2022

Employment Support Allowance

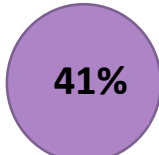

Those claiming employment support allowance has increased between 2011 & 2022

Disability Living Allowance

66% decrease in disability living allowance claimants between 2003 & 2022

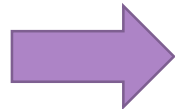

Pension Credit

41% decrease in those claiming pension credit between 2005 & 2022

Health Summary

Deaths to under 75s 

 No change between 2005 & 2021

Alcohol specific Deaths 

 54% increase between 2012-2016 & 2017-2021

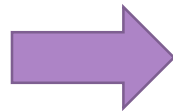

Drug related Deaths 

 More than tripled between 2005-2009 & 2017-2021

Deaths from suicide and undetermined intent

 42% decrease between 2011-2015 & 2017-2021

Births to teenage mothers (13-19 years) 

 No change between 2005 & 2021

Long-Term Health & Disability

15% have day-to-day activities limited a lot

9% have day-to-day activities limited a little

76% have day-to-day activities not limited

Education Summary

Attendance rate in primary school children has decreased (% of half days attended) **93%**

Attendance rate in Post - primary school children has increased (% of half days attended) **98%**

Average primary school class size has increased between 2006-2021

Attainment

94% increase in those achieving at least 5 GCSE's grades A*-C (or equiv)

% of those achieving at least 5 GCSE's grades A*-C (incl English and Maths) has more than doubled

Crime Summary

Burglary

47% decrease between 2003 and 2021
