PERFORMANCE REPORT

OVERVIEW

History and Statutory Background

The Northern Ireland Statistics and Research Agency (NISRA), an Executive Agency within the Department of Finance and Personnel (DFP), was established on 1 April 1996 under the Government's Next Steps Initiative. The Agency incorporates the General Register Office (GRO) for Northern Ireland.

The Business

The Agency's Mission is –

- to produce and disseminate high quality, trusted and meaningful statistics and research to inform decisions and improve understanding; and
- to provide a high quality and cost effective civil registration service to meet users' needs.

NISRA's statistics and research services are afforded to a wide range of government departments and agencies to assist the policy process and delivery of objectives and actions. Statistics are produced in accordance with the Code of Practice for Official Statistics published by the UK Statistics Authority in January 2009.

NISRA continues to address the needs of a wide range of users, producing high quality statistics and research, ensuring the quality of those statistics and disseminating information to its users efficiently and effectively. NISRA will continue to ensure statistical outputs are fit for purpose such that users have a high degree of confidence in them.

NISRA is the principal source of official information on Northern Ireland's population and socio-economic conditions. The statistics produced by the Agency not only inform the policy process within government, but also inform academic research and contribute to debate in the wider community.

The GRO, which is incorporated within NISRA, provides a civil registration service and produces summary statistics relating to life events.

Vision

NISRA's vision is -

Trusted statistics and research for a better society

In striving to deliver our vision we will build on our history and our reputation for quality and customer service and on advancements in information communication technologies.

Key Aims, Principal Functions and Targets

Aims

The corporate aims of NISRA are -

- (i) to provide a statistical and research service to support decision making by Northern Ireland ministers and departments;
- (ii) to inform elected representatives and the public through the dissemination of reliable official statistics; and
- (iii) to administer the marriage laws and provide a system for the civil registration of births, marriages, civil partnerships, adoptions and deaths in Northern Ireland.

Principal Functions

The principal functions of the Agency are -

- to provide and co-ordinate professional statistics and research services and to be the principal advisory body on statistics and social research for Northern Ireland departments, agencies and non-departmental bodies;
- to carry out the Census of Population and provide high quality demographic information to enable the number and the condition of the population to be monitored and changes over time to be identified;
- to collect, analyse and make available official statistics which describe Northern Ireland's society, economy and public services;
- to ensure that statistical and research standards are adhered to and that the best appropriate methodological practice is employed in official statistics, social research and policy evaluation;
- to provide Northern Ireland statistics required for the United Kingdom, European Union and international statistical series; and
- to administer the marriage laws and provide an efficient and effective system for the registration of births, marriages, civil partnerships, adoptions and deaths in Northern Ireland.

Risks and Uncertainties

Risk management has been incorporated into the business planning and decision-making processes of the Agency. The Agency maintains a Risk Register which defines the framework and describes the process for identifying and managing risks.

The Agency Audit and Risk Committee (ARC) support the Accounting Officer and the Agency Board on issues of risk, control and governance. In addition, ARC provides assurances and advice to the Accounting Officer on the adequacy of audit coverage both internal and external. ARC is chaired by one of the Non-Executive Board members and operates under the best practice guidance contained within the Audit and Risk Assurance Committee Handbook (NI) issued under DAO (DFP) 05/14 in March 2014.

The Committee met on 4 occasions during the course of 2015/16. The Corporate Risk Register was provided to all meetings and the Committee reviewed in detail Agency level risks in relation to:

- Census (2011 and Future Census)
- Customers
- Official Statistics
- General Register Office
- Finance/Resources
- Information Assurance
- Human Resources
- Sickness Absence
- Integrated Business Survey System
- Re-organisation of General Register Office District Registration Services

Chief Executive Overview

The Agency has faced a challenging but exciting period over the last twelve months. A number of key staff have left the Agency as part of the Civil Service wide Voluntary Exit Scheme (VES). The VES has had a significant impact on staffing numbers and capacity. That said the Agency has continued to maintain essential service delivery to the public. The Agency has achieved all four key headline Ministerial targets around the introduction of a new Civil Registration system, modernising statistical services, supporting the development of a new Programme for Government and initial plans for a 2021 Census. The Agency has also delivered the vast majority of its non-headline objectives for 2015/16 against this backdrop of change. Further detail on the performance of the Agency is included in this report.

Delivery on these targets in 2015/16 leaves the Agency well placed for the future. Future challenges of further pressure on resources, alongside the need for further modernisation of services and the ongoing data revolution, points towards more significant changes required in the future.

PERFORMANCE ANALYSIS

Targets

NISRA has used the balanced scorecard approach to provide a business focus for both the short-term and the long-term, putting meaningful performance measurements in place. The Agency has four key target areas.

These are -

- Business Results/Impact
- Users/Trust
- Internal Processes/Governance
- Organisation and People/Quality

The Department consults with the Agency on the development of key targets in these four areas. These key targets are supplemented by a suite of Chief Executive targets all of which are detailed in the Agency's Annual Business Plan.

Accounts

The Accounts at pages 111 to 133 of this report have been prepared in accordance with direction given by the Department of Finance and Personnel in accordance with Section 11(2) of the Government Resources and Accounts Act (Northern Ireland) 2001.

Accounting policies used in the preparation of these Accounts are set out in note 1 to the Accounts (page 115).

The net operating cost for the year was £13,068k (2014/15 £10,811k) (page 111).

Performance against Targets

The Agency had four key ministerial targets for the year 2015/16. All four targets were achieved. The results have been confirmed as accurate by DFP Internal Audit summarised below.

Chief Executive targets are set out in a balanced scorecard framework. Performance against targets is summarised in the Balanced Scorecard Section at pages 7 to 36.

Ministerial Targets

Targets	Result
NIROS Project: Implement the new Civil Registration Operating System by 31st March 2016.	Achieved: The new Northern Ireland Civil Registration Operating System, Northern Ireland Office Registration System (NIROS) was successfully implemented on 22nd February 2016 in the Local District Registration Offices and on 24th February 2016 in the General Register Office for Northern Ireland (GRO).
Census of Population 2021: Produce detailed plans for the delivery of the 2021 Census by 31st March 2016.	Achieved: Census Office is liaising closely with its counterparts in the Office for National Statistics and National Records of Scotland (NRS) on planning for the 2021 Census, for example, by attending meetings and programme reviews, holding joint workshops on areas for collaboration (including procurement), and progressing topic consultations. The topic consultation for the 2021 Census in Northern Ireland was launched on 25th September 2015 and closed on 17th December 2015. A statement of agreement between the National Statistician and the Registrars General for Scotland and Northern Ireland on the conduct of the 2021 Census was published in October 2015. A Project Initiation Document (PID), plus a large number of supporting papers, has been produced for the 2021 Census.

Targets	Result
<p>Survey Modernisation: Further modernise business and household surveys including starting the development of channels for electronic/on-line data collection by March 2016.</p>	<p>Achieved: Modernisation work continues on track. The Business Case and funding for modernisation of social surveys was approved early in 2015/16. The upgrade of the social survey data collection computer system has been obtained and detailed pilot tests have been run across a number of different survey instruments. This includes an on-line household survey of standard demographic questions. The Project Board met in December and considered a work plan going forward – the project is on track for completion within the Business Case timetable/funding.</p> <p>On business surveys, an e-mail based Electronic Data Collection is now fully operational (from January 2016) across the main quarterly business surveys. Initial figures indicate a 30% uptake by businesses. The on-line collection will be rolled-out, where appropriate, across the more complex annual surveys in 2016/17. Statistical integration work has progressed with the roll-out of new standardised statistical processing methods across a number of quarterly and annual business surveys.</p>
<p>Programme for Government: Assist departments throughout 2015/16 in the development and subsequent measurement of outcomes identified in the next programme for government.</p>	<p>Achieved: Work is progressing well on all levels and will continue to be taken forward in conjunction with the Programme for Government (PfG) team in The Executive Office (formerly OFMDFM) and the NICS board as required. Public Sector Reform Division (PSRD) is liaising with OFMDFM and NISRA to contribute knowledge on outcomes based measures informed by ongoing work with Carnegie and the Organisation for Economic Co-operation and Development (OECD). Recommendations from the OECD report will be considered and liaison continued to help inform the PfG agenda. The NISRA Methodology group has developed guidance on target setting which has been rolled out across the Agency.</p>

Releases during the year include, 'Growing Up On an Interface - Findings and Implications for the Social Needs, Mental Health and Lifetime Opportunities of Belfast Youth'; 'The Over-Representation of Disabled Children and Young People in Out-of-Home Care in Northern Ireland'; 'Delivering Social Change - Our Population: What Matters Most?' and 'An Investigation of Gender Equality issues at the Executive Level in the Northern Ireland Public Sector'.</p>

Business Results (Impact)			
Objective	Targets	Measures	Outcomes
			<p>Other NISRA statisticians (in DE, DEL, DHSSPS & DETI) supported the evaluation of Delivering Social Change ‘signature projects’ and statistical staff across all departments have input to the Child Poverty strategy as well as providing advice on indicators for the Active Ageing and Disability Strategies.</p> <p>NISRA was commissioned by the Statistics Co-ordinating Group in October 2015 to undertake an update of the 2010 Deprivation measures and subsequently put the necessary personnel in place to take the work forward. A cross-Departmental / Organisational Steering Group has been established to oversee the work, which is being led by NISRA’s Director of Analysis. The aim of the work is to publish the updated deprivation measures in mid-2017.</p>

Business Results (Impact)			
Objective	Targets	Measures	Outcomes
	<p>(vi) To take forward the development of the key elements of a system of Economic Accounts in Northern Ireland during 2015/16.</p> <p>(Subject to Business Case approval and necessary funding being found).</p>	<p>Business Case developed and sent to DFP Supply for approval.</p> <p>NI element of Purchases Inquiry developed and fieldwork commenced by March 2016 (subject to confirmation of resources / ONS timetable).</p> <p>NI Supply Use Tables (2013) produced by March 2016.</p>	<p>Achieved: The Business Case for the further development of a system of Economic Accounts for Northern Ireland was approved by DFP Supply in August 2015.</p> <p>The sample size for the Purchases Inquiry has been agreed and fieldwork started in February 2016, with a second round of fieldwork taking place in May 2016.</p> <p>Engagement with external users and other experts continued throughout 2015/16 to inform development of the Economic accounts.</p> <p>The first output from the 2012 Supply and Use tables 'Structure of the NI Economy in 2012' was published on the 9th December 2015. This report provides for the first time a balanced estimate of Northern Ireland Gross Domestic Product (GDP) and its component parts for 2012 using an international standard approach.</p> <p>The draft Supply Use Tables (SUTs) for 2013 were produced internally and will be published later in 2016 after further quality assurance. In addition, draft 2012 Input/Output tables have been developed which are due for publication in May 2016 alongside revised 2012 SUTs.</p>

Business Results (Impact)			
Objective	Targets	Measures	Outcomes
	(vii) To promote the Open Data Agenda as agreed by Agency Board in adherence to the new public sector strategy.	<p>Percentage of NISRA products with a 3 star rating increased from 16% to 20%.</p> <p>NINIS 'button' on NICS desktops.</p> <p>Increase government attendees on NINIS workshops.</p>	<p>Achieved: NISRA is represented on the new NICS-wide open data implementation board. NISRA also has representation on its technical subgroup. The Open Data manager gave a NISRA lunchtime seminar to NISRA staff to update and encourage liaison. Census office has actively participated in NISRA (and NICS) events to promote Open Data. In 2015/16 the percentage of NISRA products with a 3 star rating increased to 24%.</p> <p>Datasets in Open Data format have been made available by NISRA statisticians through the NI Open data portal, the NI Neighbourhood Information Service (NINIS) website and Departmental / Organisational websites.</p>

Business Results (Impact)			
Objective	Targets	Measures	Outcomes
			<p>Datasets available through the NI Open data portal include GP prescribing data, crime data, earnings data, driver and vehicle testing outcomes, library locations, new dwelling starts and completions statistics and the 2011 Census microdata teaching file. In January 2016 all the MS Excel spreadsheets on NINIS were converted to 'Open Document Format' (3 stars on Open Data Scheme). NINIS datasets can also be accessed through the NI Open data portal. The NI Neighbourhood Information Service (NINIS) is one of the NICS digital action plan projects.</p> <p>During 2015/16 NINIS held a series of workshops and seminars to promote the use of NINIS. Attendees included statisticians and policy colleagues from within government, researchers and representatives from the community and voluntary sector. NINIS are working with IT Assist to release a NINIS button on DFP desktops – this is expected to be rolled out to staff in mid 2016.</p>

IP1: To ensure the Agency is well managed according to existing policies and procedures.	(i) To hold at least three Agency Board meetings, three Senior Management Forum (SMF) meetings, three ARC meetings and at least 1 Statistics Coordinating Group (SCG) meeting by end March 2017.	<p>At least three Agency Board meetings held.</p> <p>Three Senior Management Forum meetings held.</p> <p>Three ARC meetings held.</p> <p>One SCG meeting held.</p>	<p>Achieved: Three Agency Board meetings were held in May 2015, September 2015 and January 2016.</p> <p>Four Senior Managers Forum meetings were held: in April, June and October 2015 and in February 2016.</p> <p>Five NISRA Audit and Risk Committee (ARC) meetings were held in April, May, June and November 2015 and in March 2016.</p> <p>Statistics Co-ordinating Group (SCG) meetings were held in May 2015, October 2015 and March 2016.</p>
	(ii) To have draft 2016-2019 Corporate Plan prepared by end March 2016.	Draft prepared.	<p>Achieved: The preparation of the draft Corporate Plan was dependant on the DFP timetable. Since it was unlikely that PfG 2016-2021 would be published in advance of the May elections, DFP decided to once again publish a 1-year DFP plan for 16/17. As a result, a draft NISRA Corporate Plan was not required in 2015/16. Target has been rolled over into 2016/17.</p>

Internal Processes (Governance / Management)			
Objective	Targets	Measures	Outcomes
	(iii) To support the DFP Information Assurance Target ¹ .	DFP NISRA Information Assurance Work Programme. (NISRA DFP) Information Risk Register.	Achieved: DFP NISRA Information Risk Schedule for 2015/16 completed and signed off by Acting Chief Executive in January 2016. Work on completing and maintaining the NISRA DFP Information Assurance Work Programme ongoing throughout 2015/16.
	(iv) To provide support to the Statistics Advisory Committee (SAC).	SAC meetings held. SAC agenda and minutes.	Achieved: Four Statistics Advisory Committee (SAC) meetings were held in April, June and October 2015 and in February 2016. Secretariat support was provided by NISRA Corporate Services.
	(v) To have no overspend and an underspend not greater than 2.5% within baseline allocation.	Level of overspend and underspend.	Substantially achieved: The Agency has recorded a cash underspend for the year of less than 2.5%. Due to technical financial issues this resulted in a formal overspend recorded on the accruals basis. This accrued overspend has been approved by DFP.

¹ Maintain Level 3 compliance with the “HMG Information Assurance (IA) Maturity Model and Assessment Framework” during 2015/2016.

Internal Processes (Governance / Management)			
Objective	Targets	Measures	Outcomes
	(vi) To secure a favourable audit report on risk management, and manage risk appropriately.	<p>Level of assurance provided.</p> <p>Completed Stewardship statements by Agency Board members.</p>	<p>Achieved: NIAO issued an unqualified audit opinion on the 2014/15 financial statements and did not report on any exceptions for the year. The NIAO made four priority 2 recommendations in the Report to those charged with Governance for 2014/15. NIAO have issued an unqualified audit opinion in their draft Report to Those Charged With Governance (RTTCWG) for 2015/16.</p> <p>Internal Audit Reports issued during the year have provided three satisfactory assurance opinions and one limited opinion for individual audits. Internal Audit has provided a satisfactory assurance opinion for the Agency for 2015/16.</p>

Internal Processes (Governance / Management)			
Objective	Targets	Measures	Outcomes
	(vii) To take forward during 2015/16 the process to secure alternative accommodation for NISRA DFP Staff ²	<p>Respond to Properties Division requests promptly.</p> <p>Obtain quarterly updates on progress of project.</p> <p>Consider internal staff workstreams to deliver decant.</p> <p>Reduce on site file volumes to match capacity in new building.</p>	<p>Achieved: Move to Colby House approved by Supply and given DFP Permanent Secretary agreement. Relocation Groups (Sponsor Group, Liaison Group, Project Team) appointed and Project branding developed.</p> <p>NISRA teams liaising with Properties Division and CPD as required in order to provide solutions and quick decisions. NISRA specific requirements taken account of as they arise. Staff from other branches involved as required in order to meet their needs from the outset (e.g. IT requirements).</p> <p>Staff regularly updated on progress through Agency Brief and Information events.</p> <p>Offsite storage contract signed. Branch staff trained on storing and accessing offsite material.</p>

² Date of a move dependent on acceptance of a business case by DFP and thereafter a procurement exercise for any building work involved and completion of works.

Internal Processes (Governance / Management)

Objective	Targets	Measures	Outcomes
	(viii) NISRA sickness absence should not exceed target of 6.2 working days lost by 31 March 2016.	Monthly/annual absence reports.	<p>Not achieved: Sickness absence rates were above those in the corresponding period last year. NISRA is committed to the DFP procedures for managing sickness absence and instigates reviews of absences at defined points. Where absences are long-term (20+ days) line managers pursue regular contact with the employee and complete progress reports as required. Support facilities (e.g. Welfare, OHS) are deployed at the earliest possible opportunity and DFP DHR follow-up meetings are arranged. Steps are taken to facilitate return to work and local management follow up.</p> <p>At the end of March 2016 the provisional sickness absence figure was 8.3 working days lost.</p>
	(ix) 90% of staff to have completed on time Personal Performance Agreements (PPA) and Personal Development Plans (PDP) and have them assessed as 'Agreed' on HR Connect.	HR Connect Performance Management Reports.	Achieved

	(xi) Senior management to support branches in the management of the impact of the Voluntary Exit Scheme and Departmental restructuring as it affects NISRA.	NISRA's imposed saving achieved.	Achieved: Forty losses to be effected as a result of Voluntary Exit Scheme (VES) tranches 1-5, meeting DFP pro-rata allocation of suppressions. NISRA strategically evaluating losses and post suppressions and recommending required way forward to meet business needs. NISRA working with new departments to effect transfer of staff associated with function.

Organisation and People (Quality)

Objective	Targets	Measures	Outcomes
OP1: To develop and manage high quality people who take pride in their work and their organisation.	(i) To have at least 80% of NISRA staff survey respondents state that they have received the training (including in house and on-the-job training) necessary to deliver their business objectives.	<p>NISRA Staff Attitudes Survey.</p> <p>Number of working groups developed.</p> <p>Annual Report on Staff Development.</p> <p>Science, Technology, Engineering and Mathematics Network (STEM –NET) activity report.</p> <p>Minutes of STEM (NET) Ambassadors Meetings.</p>	<p>Substantially achieved: 75% of NISRA Staff Survey respondents stated in the 2015/16 survey that they received the training (including in house and on-the-job training) necessary to deliver their business objectives.</p> <p>The Staff Development group met twice during 2015/16. The staff training needs survey was conducted and work continues on the delivery of training within budget constraints. A number of training courses have been provided in-house including: Statistical Disclosure Control and Record Linkage and Outcomes Based Accountability. NISRA staff also supported the delivery of Statistical Foundation Course modules to Assistant Statisticians.</p> <p>The UK Statistics Authority’s Good Practice Team supported the delivery of Peer Review training, Quality of Administrative Data training and Effective Graphs training. SPSS training and Adobe Illustrator were delivered by external providers.</p> <p>A program of lunchtime seminars was delivered covering topics such as the ‘Code of Practice’ and ‘Open data’. This included NISRA Showcase events allowing staff to share expertise across the Agency.</p>

Organisation and People (Quality)			
Objective	Targets	Measures	Outcomes
			<p>The 2014/15 Annual Report on Staff Development was circulated to Agency Board in June 2015. An update on training and lunchtime seminars was provided in December 2015.</p> <p>Four issues of STARzine (an internal staff development magazine) were produced and disseminated in 2015/16.</p> <p>A STEM showcase event took place on 28th April 2015, and a number of initiatives were planned by STEM ambassadors to celebrate World Statistics Day in October 2015 which included departmental posters and a 'Back to the Future' school engagement event. STEM ambassadors participated in a further 15 events during 2015/16. The D3 Coding group continued throughout 2015/16.</p>
	(ii) To implement prioritised improvements identified by the NISRA Staff Attitudes Survey and the DFP Quality Programme. ³	<p>NISRA Staff Attitudes Survey.</p> <p>DFP Quality Programme.³</p> <p>NISRA Training Report.</p>	<p>Achieved: The NISRA Human Resource Action Plan was updated following the 2014 Staff Attitudes Survey and has been placed on Intranet. NISRA HR continues, on an ongoing basis, to follow up on identified (prioritised) actions.</p> <p>The DFP Quality Programme is currently suspended.</p>

³ Dependent on DFP decision on whether to continue with this Programme.

Objective	Targets	Measures	Outcomes
	(iii) To improve NISRA's employee engagement score.	NISRA Staff Attitudes Survey. HR Action Plan produced and progress against targets updated quarterly.	Not achieved: The 2015/16 NISRA Staff Survey was conducted in February 2016. This showed a fall in the overall NISRA Employee Engagement Score (EES) from 61 in 2014/15 to 54 in 2015/16. A similar fall in EES has been recorded in the NICS overall and other government departments.
	(iv) To have at least 85% of statisticians attending lunchtime seminars or participating in a working group. ⁴	NISRA Staff Attitudes Survey.	Achieved: 89% of statisticians who responded to the staff survey stated that they had attended a lunchtime seminar or participated in a working group. There were 9 lunchtime seminars (including 4 NISRA showcases) held in 2015/16. There were also 2 WELL sessions held in this period: Breast Cancer Awareness and Bowel Cancer Awareness. The NICS Managing Money Well was also delivered in this period. A list of NISRA working groups was disseminated to all staff via the STARzine issued in May 2015.

⁴ Staff Survey Questions – 'Within the last 12 months have you attended a lunch-time seminar' and 'Within the last 12 months have you participated in a NISRA working group (include STEM, peer review)'.

The QAAD guidance has been implemented by several branches across NISRA producing statistics from Administrative sources including Demographic Statistics, DOE, DEL and PSNI.</p> <p>Corporate branch continued to support the implementation of the NISRA quality guidance with a presentation delivered for NISRA staff working in DSD.</p>

RESEARCH AND DEVELOPMENT / FUTURE DEVELOPMENTS

Details of research and statistical publications produced by NISRA during 2015/16 can be found in Annex 2.

Details of future developments are included in NISRA's Business Plan 2016/17.

Major areas of development for NISRA over the period 2016/17 to 2019/20 will include:

- continuing to produce a suite of official social and economic statistics relating to Northern Ireland (e.g. poverty, labour market, migration and house price statistics);
- supporting the measurement of the NI Executive Programme for Government by publishing high quality statistics and developing new statistics where appropriate;
- finalising planning and having the main systems in place for a predominantly online 2021 Census of all household and communal establishments;
- further developing and enhancing the on-line genealogy service by improving access to historical civil registration records for Northern Ireland;
- developing a new system of Economic Accounts to better measure the local economy. When complete this work will develop into a measure of Gross Domestic Product for Northern Ireland to provide greater understanding of the state of the local economy;
- transforming data collection by enabling a fully electronic means for collection of all business surveys and new approaches for the collection of social surveys;
- obtaining greater access to, use of and reliance upon administrative data in the production of official statistics;
- facilitating improved research access to data through the Administrative Data Research Centre and the NI Longitudinal Study. This will increase access to and use of data in support of socio-economic research and policy analysis;
- developing a new and improved web site which facilitates the use of mobile technology for dissemination of official statistics;
- significantly improve the presentation and dissemination of official statistics and social research - including greater use of social media, improving reporting, infographics etc...;
- consolidating Agency staff who work within the Department of Finance funded part of the Agency into a new Corporate Headquarters;
- continuing to take action on the issues raised through the annual staff survey and report findings to staff through the Human Resource Action Plan;
- continuing to implement the Communications Strategy with improved external marketing of the Agency and improvements in internal communications; and
- continuing to provide a high quality service to Government and other public sector bodies in a climate of increasing resource pressures and budget cuts.

Events occurring after the Reporting Period

There have been no significant events since the year-end that would affect the accounts.

Charitable Donations

The Agency aims to encourage and support the voluntary work of staff that will bring benefit to the community. During 2015/16, NISRA participated in 6 projects, details of which are set out on page 64.

Payments to Suppliers

The Agency is committed to the prompt payment of bills for goods and services received in accordance with the Better Payment Practice Code and British Standard BS7890 - *Achieving Good Payment Performance in Commercial Transactions*.

Unless otherwise stated in the contract, payment is due within 30 days of receipt of the goods or performance of the services, or presentation of a valid invoice or similar demand, whichever is later.

The prompt payment performance for the year was 98% (2014/15: 98%).

During this period NISRA did not make any interest payments under the Late Payment of Commercial Debts (Interest Act 1988).

In 2008/09, in response to the economic position, the Minister for Finance and Personnel announced the commitment of Northern Ireland departments to ensuring that invoices are paid within 10 working days. The average number of invoices paid within the 10 working days target was 93% (2014/15: 95%).

Persons with Disabilities

NISRA adheres to the Disability Action Plan, developed by the Department of Finance and Personnel, in recognition of the Disability Discrimination Act 1995 (and subsequent amendments) which states that in carrying out its functions DFP (and consequently NISRA, as an Agency of DFP) will have due regard to the need to :

- promote positive attitudes towards disabled people; and
- encourage participation by disabled people in public life ('the disability duties').

The Department of Finance and Personnel also produces a disability action plan to illustrate how it proposes to fulfil these duties.

Health and Safety

The Agency is committed to adhering to all existing legislation with respect to health and safety at work to ensure that staff and customers enjoy the benefits of a safe environment.

A policy statement entitled "Health and Safety Policy Statement, Organisation and Other Arrangements" was circulated to all staff in 2010 and is also available on the intranet. This outlines the Department of Finance and Personnel's commitment towards Health and Safety and makes clear its obligations to staff. It also informs staff of their responsibilities under the Health and Safety legislation. This is currently being updated.

Health and Safety Advice is provided by the Departmental Health and Safety Advisor who provides support on all aspects of health and safety at work for staff in the Department.

Equal Opportunities in NISRA

NISRA staff are employees of the Department of Finance and Personnel which is an Equal Opportunity employer and is fully committed to the elimination of all forms of harassment and bullying, discrimination and victimisation. The Department recognises the legal obligations under which it operates and promotes working relationships that are based on mutual trust, respect and understanding. This allows the maximum potential to be made of the wide variety of skills, abilities and attributes available within the Department.

In addition, the Department continues to offer a range of work-life balance and family friendly policies including flexible working hours, career breaks, special leave and alternative working arrangements such as job sharing, part-time and term-time working.

Equality Agenda

The Department of Finance and Personnel remains committed to the promotion of equality of opportunity and human rights. We continue to ensure that all our policies comply with the Human Rights Act 1998 and that the Department continues to fulfill the duties required of it by Section 75 of the Northern Ireland Act 1998.

Sustainability and Environmental Impact

NISRA will continue to follow DFP guidance as set out in the Department's Sustainable Development Action Plan, which outlines the strategic objectives and targets including:

- installation of renewable technologies;
- conservation of fuel and power;

- streamlining of the office accommodation portfolio and the meeting of higher thermal standards;
- improved recycling of waste; and
- taking account of sustainable development principles when procuring works, supplies and services.

NISRA (McAuley House) continues to implement a Waste Management Action Plan which, in keeping with the DFP Action Plan, focuses on paper as the dominant waste stream. A number of measures have been implemented including: discouraging routine printing of e-mails; promoting full usage of TRIM; encouraging double sided photocopying / printing; and using recycled paper. Receptacles have also been made available to facilitate recycling of paper, tin cans, plastic containers, paper towels, envelopes, magazines and empty printer cartridges.

During 2015/16 83 x 50 litre bags of plastic cartons, 16 x 50 litre bags of tin cans, 67x 50 litre bags of magazines, 23 x 50 litre bags of envelopes, 178 x 50 litre bags of paper towels, 127 x 50 litre bags of pre-shredded paper and 155 x 50 litre bags of both confidential and general office paper were recycled. These figures represent significant reductions in waste from previous years.

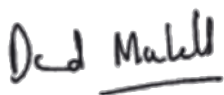

Employee Involvement

NISRA recognises the benefit of keeping its staff informed of changes in the Agency and professional developments which ultimately affect the Agency's performance. NISRA issues its Agency Brief on a monthly basis to all staff. This contains information on human resources, recruitment, promotion competitions, training, publications and other events of interest to staff. Briefs issued

during 2015/16 also contained updates on progress made against relocation plans to move all DFP NISRA branches from McAuley House, Oxford House, Royston House and Netherleigh to Colby House on the Stranmillis Road.

This Brief is also posted online on NISRAnet, the Agency intranet site, where staff can access up-to-date information on NISRA events, meetings, corporate documentation, publications, human resources and professional matters. Conference presentations are also available to view on NISRAnet.

This Performance Report is approved and signed.

In 2015 the General Register Office processed over 66,000 certificate applications of which over 99% were issued within the target of 5 working days set by the Registrar General. Additionally GRO processed over 4,200 registration related cases, including re-registrations, adoptions, name changes and corrections. The target of 97% within 15 working days was exceeded.

Over 10,000 new accounts were registered on the Family History website. Almost one and a half million searches were carried out – the most popular being the free index search which accounted for just over 1.3 million searches.

OFFICIAL STATISTICS ISSUES

The UK Statistics Authority which was established on 1 April 2008 is an independent body operating at arm's length from government with a statutory objective to promote and safeguard the production and publication of official statistics that serve the public good. In order to preserve and enhance the integrity and levels of public confidence in official statistics arrangements were made for the provisions of the Statistics, and Registration Service Act to extend to Northern Ireland to allow the UK Statistics Authority to operate here.

NISRA is committed to complying with the principles of the UK Statistics Authority's Code of Practice, published in 2009. Compliance with the Code is a statutory requirement on bodies that produce statistics that have been designated as National Statistics. For other Official Statistics the Code is adhered to as a matter of good practice. During 2015/16 the Agency continued to roll out guidance and advice to help support the implementation of the Code of Practice in Northern Ireland and reduce the likelihood of breaches occurring.

Throughout 2015/16 the UK Statistics Authority continued to monitor compliance with the Code of Practice as part of its Assessment Programme. A number of NISRA's National Statistics and some of its Official Statistics products were assessed for compliance with the Code of Practice, and all of those where an outcome was declared within the year were successfully accredited/reaccredited as National Statistics. A summary of the 2015/16 NISRA assessment programme is given below.

	Department/ Body	Assessment	Status
1.	PSNI	Re-assessment of Police Recorded Crime Statistics	Complete
2.	DFP	Re-assessment of Demographic Statistics	Almost complete
3.	DOE	Road Safety Statistics	On-going
4.	DFP	Tourism Statistics	On-going
5.	DOJ	Re-assessment of NI Crime and Justice Survey	On-going

Assessment reports can be found on the [UK Statistics Authority's website](#).

Breaches of the Official Statistics Code of Practice

During 2015/16 there were five reported breaches of the Code of Practice as outlined below:

1. DOE – Driver, Vehicle, Operator and Enforcement Statistics Annual Report for 2014/15	An official from the Driver and Vehicle Agency (DVA), in a reply to a NI Assembly Question provided a set of figures on vehicle theory test failure rates that could be easily used to derive the pass rate figures due to be published as part of National Statistics reporting. This information would not be considered to have a high public profile and there were no public leaks or comments internally during the period.
2. OFMDFM – Gender Equality Statistics Update 2015 (August 2015)	The publication was not uploaded at 9:30am, as required by the code of practice, but at 9:55am. The breach was due to officials in the Executive Information Service not agreeing to the uploading of the publication until ministerial approval was obtained. Ministerial approval is not required for the publication of Official Statistics.
3. DCAL – Experience of Sport and Physical Activity by Adults in NI 2014/15 and Experience of the Arts by Adults in NI	The reports were published 37 minutes late at 10:07. The delay was due to an issue with one of the servers having limited space and this was preventing any changes coming through to the DCAL website.
4. DRD – Cycling and Walking to/from Work in NI 2014/15	A member of the Private Office was acknowledging receipt of the pre-release access email and in doing so, forwarded the email with the ministerial submission, press release and the statistical report to an official within DFP with the same name as the DRD official that had issued the initial email.
5. DEL – Labour Market Briefing	The wrong DEL official was sent an email containing the embargoed statistics during the pre-release period. The official had the same surname as the intended recipient. The official did not open the report and deleted it from their system.

Full details of the breaches will be published on the Authority's website at the link below.

<http://www.statisticsauthority.gov.uk/assessment/code-of-practice/breach-reports/index.html>

All 5 breaches were investigated and actions taken, as far as possible, to minimise the possibility of a re-occurrence. There is no evidence that any of the breaches had a significant impact. Statistics Support and Methodology Branch continues to roll out advice and guidance on the Code and its implementation.

COMMUNICATION

The Agency has in place a Communication Strategy and associated Action Plan for the 3-year period 2015/16 – 2017/18.

NISRA aspires to be an organisation that will deliver professionally presented, meaningful, easily understood statistics, delivered in ways users find easy to access, use, understand and re-use. The Communication Strategy aims to improve public debate through full integration with social and multi-media, with well written narrative promulgated through channels that maximize audience reach. The Agency will work towards improving its websites with meaningful and interactive content and progressing the Open Data agenda with the release of datasets that under-pin the statistics.

During 2015/16 NISRA continued to upload relevant videos to its YouTube channel. The NISRA twitter account, which tweets statistical factual news including the announcement of statistical releases, grew from 105 followers in April 2015 to 404 in April 2016.

During 2015/16 the Agency has also been active in improving internal communications among all its staff, including those outposted to departmental branches. Staff were kept informed of work-related issues through the 'STARzine' internal magazine. This was issued 4 times over the year. The Agency has also started to explore new technologies to establish an internal discussion forum, with the piloting of the Sharepoint platform. Other platforms will also be examined.

NISRA produced and published a number of 'magazine-style' articles during 2015/16 with the assistance of external experts Paul Nolan and Kathryn Torney. The purpose of this was to encourage NISRA staff to think differently about how they present statistical information to a non-technical or general audience. These skills can then be taken back to the staff member's own branch and disseminated more widely.

Agency Publications

The Agency has continued to disseminate official statistics and research findings through the publication of reports and press releases in both hard copy and electronic formats. Details of the Agency's research and statistical publications are set out in Annex 2.

INFORMATION MANAGEMENT

NISRA is an information-based business. The service it delivers to customers, whether internal or external, depends on how well it can create and use information to aid decision-making and analysis, and thereby meet its business objectives. This information needs to be recorded and stored in a shared area that allows easy access, and published in an appropriate manner.

NISRA has used TRIM to store its corporate electronic information from implementation in 2007. However, as this software was no longer going to be supported, IT Assist completed the roll out of the Hewlett Packard Records Management 8.2 [HPRM8.2] system to all NICS Departments by March 2016. This electronic document records management system enables staff to apply access controls on individual documents and is being used by over 17,000 staff across the NICS. It makes up-to-date information instantly available and deals with the lifecycle of information from the point of creation or receipt, through to its maintenance, use, final disposal or indefinite retention.

NISRA is committed to increasing the amount of Data released in open and re-usable formats in the production of its statistical outputs. NISRA provided input to the Open Data Team who has produced an NICS Open Data Strategy which was agreed by the Executive. The NICS Open Data Portal was launched by the Minister on 26 November 2015, with NISRA contributing to the high value datasets published on this platform.

NISRA's DFP branches have contributed to the core Department attaining Level 3 compliance of the Information Assurance Maturity Model in 2015/16. NISRA's Information Asset Owners (IAOs) provide annual input to the Senior Information Risk Owner on the security

and use of their information asset and provide Information Assurance Stewardship Statements twice yearly, which are recorded in the NISRA Governance Statement. They have also assisted with the completion of a NISRA DFP Information Assurance Risk Schedule for 2015/16, using Census ratings as the baseline.

With the introduction of the new NICS Departments scheduled for 9th May 2016, the DFP Retention and Disposal Schedule will be replaced by a new Department of Finance Retention and Disposal Schedule. DFP NISRA has provided input into this schedule which identifies the disposal arrangements for all records created by DFP NISRA and the Department of Finance & Personnel. The Schedule complies with the requirements of the Public Records Act (NI) 1923 and the Disposal of Documents Order (S.R. & O. 1925 No.167).

The Business Area Information Manager (BAIM) together with the IAO's provided advice & guidance on data and record management, in line with the Data Protection (DP) Act 1998 & Freedom of Information Act 2000 legislative requirement, which ensured Information Assurance compliance remained a priority across NISRA. To facilitate compliance, DFP NISRA produced Data Protection Action Plans / Work Programme, completed DP checklists in September 2015 and March 2016, reviewed branch procedures for staff handling personal information, completed mandatory Data Protection on-line training as well as attending presentations on Freedom of Information/ Data Protection. Data Sharing Agreements are in place with details held on a departmental register. Guidance has also been issued to IAO's relating to Privacy Impact Assessments.

HUMAN RESOURCES

NISRA continues to meet its business needs through effective workforce planning (something which noticeably came to the fore during 2015/16 with the implementation of the Voluntary Exit Scheme (VES)), people selection and subsequent performance management. The Agency maintains a skilled and motivated workforce created through a culture of nurtured career development and well managed personal development plans. During 2015/16 NISRA Human Resources:

- managed vacancies;
- managed staff transfers;
- managed adjustments arising from branch reviews;
- managed adjustments arising from the Voluntary Exit Scheme;
- managed staff performance issues;
- monitored performance reporting;
- attended Local Whitley Meetings;
- participated in DFP wide HR projects;
- contributed to DFP workforce monitoring and reporting;
- commissioned a staff survey and updated the Human Resource Action Plan;
- implemented the actions required to meet the targets listed in the Human Resource Action Plan;
- maintained up-to-date HR information dissemination via NISRAnet; and
- produced and disseminated the Agency Brief (monthly).

TRAINING AND DEVELOPMENT

NISRA continues to meet the development needs of its staff through the delivery of their training requirements recorded in Personal Development Plans (PDPs), incorporating both generic courses, as supplied by the Centre for Applied Learning, and specific NISRA corporate development courses.

NISRA Training

During 2015/16 the NISRA Staff Development Group prioritised NISRA Corporate training according to the results of the NISRA staff statistical training survey. A full list of the courses delivered is given below.

NISRA has benefitted from the free provision of training by the Good Practice Team (GPT), specifically: Effective Graphs; 10 Things You Need to Know About Statistics; and Quality Assurance of Administrative Data. The GPT was established by the National Statistician's Office to support the implementation of the Code of Practice. NISRA has also increased the number of training courses provided in-house such as Outcomes Based Accountability and Record Linkage.

EMPLOYER SUPPORTED VOLUNTEER SCHEME

NISRA continued to support the Employer Supported Volunteer (ESV) Scheme throughout 2015/16. ESV is organised by the Voluntary Service Bureau and aims to help organisations to contribute to their community by involving employees as volunteers to complete 'Challenges' for local voluntary and community organisations.

In 2015/16 NISRA staff participated in the following events:

- DMB and Census held a bake sale raising a total of £300 for Friends of the Cancer Centre;
- DMB and Census raised a total of £1,448 for Friends of the Cancer Centre by climbing Slieve Donard;
- Corporate Services organised the Jeans for Genes day in McAuley House which raised a total amount of £81;
- Corporate Services also arranged the Think Pink campaign where McAuley House staff wore pink for the day and raised £133.40;
- Corporate Services organised a collection for Action for Children NI which raised £821.28 which was used to buy childrens toys for the charity;
- A clothing box for Cancer Focus NI was requested by Corporate Services and donations are made by all staff.

During 2015/16 NISRA continued as a STEMnet organisation in conjunction with W5 and a network of STEMnet ambassadors attended events to publicise to school children the opportunities and varied careers available to those who study these relevant subjects.

HEALTH AND SAFETY

During 2015/16 two accidents were recorded and reported to DFP HR. DFP have not received any indication that a potential financial liability may arise because of these incidents.

Two planned practice fire evacuations of McAuley House took place during which evacuation of all staff was completed satisfactorily.

General Risk Assessments for McAuley House were conducted on a regular basis.

ACCOUNTABILITY REPORT

CHIEF EXECUTIVE'S REPORT

Introduction

The Northern Ireland Statistics and Research Agency (NISRA) presents its Annual Report and Accounts for the financial year ended 31 March 2016.

Management

Ministerial responsibility for the Agency for the 2015/16 financial year rested with the Department of Finance and Personnel (DFP). The Accounting Officer for the Agency for the 2015/16 financial year was the Chief Executive of NISRA. From April to October this was Dr Norman Caven and from November to March the role was shared between the Directors of Sources and Analysis, Dr David Marshall and Dr Tracy Power respectively.

Agency Board

During this reporting period Dr Norman Caven, Dr David Marshall and Dr Tracy Power (as detailed above) assumed the role of Registrar General and Chief Executive and were responsible to the Minister for the management of the Agency's performance and operations.

The Chief Executive was assisted in the management of the Agency by the NISRA Agency Board (AB) comprised of two Grade 5 Statisticians and ten (nine from September 2015) Senior Principal Statisticians. The Board advises the Chief Executive on strategy and major issues of Agency policy and is responsible for ensuring the effective operation and performance of NISRA.

The Agency Board members during the year were as follows:

Dr TN Caven	Registrar General and Chief Executive (April – October 2015)
Dr T Power	Director of Analysis
Dr D Marshall	Director of Sources
Mr R Beatty	Head of Census
Dr S Donnelly	Head of Analytical Services Unit DEL
Dr J Mallon	Head of Human Resources Consultancy Services (April – August 2015)
Dr K Sweeney	Head of Central Survey Unit
Dr J Gillan	Head of Economic and Labour Market Statistics Branch
Dr E Mooney	Head of Information and Analysis Directorate DHSSPS
Mr D Rogers	Head of Equality Unit Research Branch OFMDFM
Mr B Green	Head of 2011 Census Statistical Development, Outputs and Dissemination
Mrs M Crawford	Head of Analytical Services DSD
Mr A Fitzpatrick	Head of Information and Registration Unit BSO

A Senior Managers' Forum (SMF) comprised of Agency Board and Grade 7 statistical/administrative Heads of Branches supports and advises the Chief Executive in the formulation, implementation and review of Agency policies. The SMF is in turn supported by a series of working groups that deal with cross-Agency issues remitted to them by the Board. Annex 1 provides details of AB and SMF membership.

Register of Interests

A Register of Interests is maintained by the Agency and no significant interests are currently held by board members which may conflict with their management responsibilities.

Pension Liabilities

The treatment of pension costs and liabilities is disclosed in the Remuneration Report and in paragraph 1.9 of the Statement of Accounting Policies Note (Note 1 to the Accounts).

Personal Data

The Agency remains fully committed to complying with the Data Protection Act 1998. DFP NISRA acts in accordance with a number of DFP policies to ensure the safe handling of personal information - the DFP Data Protection Policy, the DFP Information Security Policy, the DFP E-mail Management Policy and the DFP Data Sharing Agreements.

No reportable data breaches were identified between 1 April 2015 and 31 March 2016.

Auditors

The financial statements are audited by the Comptroller and Auditor General (C&AG) in accordance with the Government Resources and Accounts Act (Northern Ireland) 2001. He is head of the Northern Ireland Audit Office (NIAO); he and his staff are wholly independent of the Agency and he reports his findings to the Northern Ireland Assembly.

The audit of the financial statements for 2015/16 resulted in a notional audit fee of

£10,000 (2014/15 £10,000) and is included in the administration costs in the Statement of Comprehensive Net Expenditure.

During 2015/16 the Agency did not purchase any non-audit services from its auditor.

STATEMENT OF AGENCY'S AND CHIEF EXECUTIVE'S RESPONSIBILITIES

Under Section 11(2) of the Government Resources and Accounts Act (Northern Ireland) 2001, the Department of Finance and Personnel have directed the Northern Ireland Statistics and Research Agency to prepare a statement of Accounts for each financial year in the form and on the basis set out in the Accounts Direction. The Accounts are prepared on an accruals basis and must give a true and fair view of the Agency's state of affairs, its income and expenditure, changes in taxpayers' equity and cash flows for the financial year.

In preparing the Accounts, the Accounting Officer is required to comply with the requirements of the Government Financial Reporting Manual and in particular to:

- observe the Accounts Direction issued by the Department of Finance and Personnel, including the relevant accounting and disclosure requirements, and apply suitable accounting policies on a consistent basis;
- make judgments and estimates on a reasonable basis;
- state whether applicable accounting standards as set out in the Government Financial Reporting Manual (FReM) have been followed, and disclose and explain any material departures in the financial statements; and
- prepare the financial statements on the going concern basis.

The Department of Finance and Personnel has appointed the Chief Executive of the Northern Ireland Statistics and Research Agency as the Accounting Officer for the Agency. The responsibilities of an Accounting Officer, including responsibility for the propriety and regularity of the public finances for which an Accounting Officer is answerable, for the keeping of proper records and for safeguarding NISRA's assets, are set out in Managing Public Money in Northern Ireland (MPMNI) published by the Department of Finance and Personnel.

So far as the Accounting Officer is aware, there is no relevant audit information of which the Agency's auditors are unaware.

The Accounting Officer has taken all the steps necessary to make him aware of any relevant audit information and to establish that the Agency's auditors are aware of that information.

The Accounting Office can confirm that the Annual Report and Accounts as a whole are fair, balanced and understandable and that he takes personal responsibility for the Annual Report and Accounts and the judgements required for determining that it is fair, balanced and understandable.

GOVERNANCE STATEMENT

Scope of Responsibility

NISRA is an Executive Agency within the Department of Finance and Personnel (DFP). It was established on 1 April 1996 under the Government's Next Steps Initiative. The Agency incorporates the General Register Office (GRO) for Northern Ireland.

The Agency is governed under a model with the following responsibilities. The Accounting Officer is responsible to the Minister of DFP for the Agency's performance and operates in accordance with the NISRA Framework Document and its Business Plan:

- The Accounting Officer has responsibilities for the overall day-to-day leadership and management of the Agency. Making regular reports to the Minister on performance and progress, and
- The Agency Management Board is responsible for the strategic direction of the Agency by reviewing its strategic direction, monitoring performance at corporate level and ensuring that adequate governance controls are in place. The Management Board comprises the Chief Executive and the twelve Senior Principal Statisticians of the Agency. The Management Board members are detailed in the Chief executives' Report on page 66. The Management Board met three times during the year and was attended as follows:

	7 May 2015	29 Sept 2015	19 Jan 2016
Dr Caven	✓	✓	Retired
Mr Beatty		✓	✓
Mrs Crawford	✓	✓	✓
Dr Donnelly			✓
Mr Fitzpatrick	✓	✓	✓
Dr Gillan	✓	✓	
Mr Green	✓	✓	✓
Dr Mallon	✓	✓	
Dr Marshall	✓	✓	✓
Dr Mooney	✓	✓	
Dr Power		✓	✓
Mr Rogers		✓	✓
Dr Sweeney	✓		✓

The Governance Statement, which has been agreed by the Agency Board, sets out how these responsibilities have been discharged throughout the year to 31 March 2016.

Context

The context is how NISRA governance arrangements are required to operate, as set out in the current Programme for Government 2011-15. These strategic priorities set the focus for all Northern Ireland Departments.

NISRA is part of DFP. The overall aim of DFP is 'to help the Executive secure the most appropriate and effective use of resources and services for the benefit of the community'.

The work we do makes a significant and positive difference to the everyday lives of all the citizens of Northern Ireland. We provide and support public services, by:

- Providing Government departments and agencies with statistics and research services which help inform the policy, process and delivery of their objectives and actions,
- Continuing to address the needs of a wide range of users, producing high quality statistics and research, ensuring the quality of those statistics and disseminating information to its users efficiently and effectively,
- Providing official information on Northern Ireland's population and socio-economic conditions. The statistics produced by the Agency not only inform the policy process within Government, but also inform academic research and contribute to debate in the wider community,
- Providing the 'General Register Office' (GRO) which offers a civil registration service to the public and produces summary statistics relating to life events.

Financial Management

The Agency Board plays a significant part in the effective monitoring and management of the Agency's financial performance. NISRA regularly reviews actual income and expenditure against budget to form the basis of collective Agency Board decisions regarding the allocation and use of resource to ensure that the NISRA financial management target of avoiding overspend and managing underspend within a tolerance of 2.5% is met.

Detailed monthly financial management reports are prepared for the agency budget holders and monthly summary financial reports are prepared for the departmental board. In addition a financial report is prepared for the regular meetings of the Agency Board.

This enables management to monitor the financial position of the Agency and to assess the extent to which any corrective action may be required to address the Agency's financial position.

Risk and Control Framework

Risk management within NISRA continues to be an integral part of our business planning process. This includes identification of risk, assignment of ownership, presentation of the risk, mitigation, management, evaluation and review.

The Corporate Risk Register is an integral part of NISRA Risk Management policy and approach. The Risk Register records the status of each high level risk and the actions being taken to address the risk.

The Corporate Risk Register is regularly reported to and monitored by the Agency Board and NISRA Audit and Risk Committee. The Audit and Risk Committee is chaired by one of its three independent members and functions in accordance with best practice contained in the HM Treasury Audit Committee Handbook.

The Agency Board ensures the risk management and internal control are regularly reviewed and reported on in the following manner:

- All business areas use pre-determined weightings and a standardised approach to risk assessment;

- Key risks identified at Agency level are documented on Risk Registers and are reviewed on a formal basis by the Agency Board at least three times during the course of a year;
- NISRA Audit and Risk Committee formally reviews risks and controls on a regular basis;
- The Audit and Risk Committee assess the continued appropriateness of the respective risks and the means through which they are managed. The need to add, delete, delegate or promote risks is also determined in order to reflect the current business environment;
- Heads of Branches complete stewardship statements at the end of each financial year. Mid-year reports are the vehicle for ensuring the continued maintenance of Risk Registers during the year;
- As Chief Executive, I provide the Committee with a mid-year and end-year Stewardship Statement;
- The Agency adheres to the department's 'Whistle Blowing' policy; and
- The Management Board receives periodic reports concerning internal control. The appropriate steps have been taken to manage risks in significant areas of responsibility and to monitor progress reports on key projects.

The main risks associated with NISRA are not achieving the Ministerial Targets noted on page 5 to this report and the targets outlined in the NISRA Balanced Scorecard on pages 7 to 36.

All Ministerial Targets for 2015/16 have been achieved and have been validated by DFP Internal Audit. The Agency performance against Balanced Scorecard targets are published on pages 7 to 36 of this report.

Agency Performance

The NISRA Business Plan 2015–16 sets out the targets and objectives for the year against which performance is reported and monitored. Progress is reported to the Agency Board as part of the Corporate Performance Report which gives details of actual results against the targets and a narrative on the actions taken to deliver the expected outcomes.

As part of the Corporate Performance Reports, the Management Board receive, thoroughly reviews and seeks improvement to information on key Agency statistics. These include NISRA performance in respect of Ministerial Targets, Chief Executive Targets, Risk Management, Human Resources and sickness absence levels, financial management and information management.

Accounting Officer

DFP has designated the Chief Executive as the Accounting Officer for NISRA. The responsibilities of an Accounting Officer, include responsibility for the propriety and regularity of the public finances for which an Accounting Officer is answerable, the keeping of proper records and for safeguarding NISRA assets as set out in the Accounting Officer's Memorandum issued by DFP and published in Managing Public Money in Northern Ireland (MPMNI).

The Accounting Officer has responsibility for maintaining a sound system of internal control that supports the achievement of Agency policies, aims and objectives set by the Minister of DFP, whilst safeguarding the public funds and Agency's assets for which he is responsible in accordance with the responsibilities assigned to him by MPMNI.

At the beginning of the financial year, the Accounting Officer delegated responsibility to each of his Heads of Branches for management of budgets within their respective business areas. He receives assurances twice yearly from each Director on risk management, governance, financial management and delegations within their respective areas of responsibility in the format of stewardship statements. Key issues emanating from these statements are reflected in this Governance Statement.

The Accounting Officer chairs the NISRA Agency Board which met on 3 occasions in 2015–16. The Agency Board operates in compliance with 'Corporate Governance in Central Government Departments: Code of Good Practice' and directs the strategic management of NISRA by reviewing its strategic options and setting its corporate direction. The Agency Board considered the information received to be satisfactory for purpose.

The Agency maintains a Register of significant interests held by Board members which may conflict with their management responsibilities. Board members are requested on an annual basis to confirm that they have no such interests, or make a declaration of interests that may be considered to create a potential conflict of interest with their management responsibilities. No such interests have been declared by members for the Agency Board for the year ended 31 March 2016.

In response to a request from the Departmental Permanent Secretary, the Agency has obtained declarations of interest from all DFP based Agency staff at DP to Grade 7. No interests have been declared which the Agency consider to represent a potential conflict of interest.

The Agency Board also considered and reviewed NISRA risks as detailed in the NISRA Corporate Risk Register.

NISRA Audit and Risk Committee supports the Accounting Officer and the Agency Board on issues of risk, control and governance. In addition the Audit and Risk Committee provides assurance and advice to the Accounting Officer on the adequacy of both internal and external audit coverage. The Audit and Risk Committee met on four occasions in 2015–16.

No Ministerial Directions were received by NISRA during 2015–16.

The role of Accounting Officer has been shared for the remainder of the year by Dr Marshall and Dr Power following the retirement of Dr Caven.

Level of Assurance

The Accounting Officer has responsibility for ensuring that a robust risk management system is in place, so that risks faced by NISRA are identified and managed accordingly. The Accounting Officer is also responsible for reviewing the effectiveness of the system of internal control. The review is informed by the work of DFP's Internal Audit and Departmental Board members who have responsibility for ensuring that the controls and actions recommended are implemented.

The Department's Internal Audit has carried out an extensive programme of work during 2015–16. These reports provide an objective and widespread assessment of the systems of internal control in operation across the Agency, together with prioritised recommendations to strengthen controls and implement further improvements.

Internal Audit completed seven of eight scheduled audits during the year. The follow up to the Corporate Services Finance audit was postponed to 2016/17 at the request of the Agency.

Further details on the Internal Audit output for the year are included in the following section, 'Significant Internal Control Problems'

In his Annual Assurance Report, the Head of Internal Audit provided NISRA with a satisfactory level of assurance.

The Agency maintains Information Risk Registers in each Business Area. which are linked into the Departmental Risk Register and provide the Departmental Board and the Senior Information Risk Owner (SIRO) with an oversight of corporate and operational information risks.

NISRA has achieved 'Level 2 compliance' within the HMG Information Assurance Maturity Model and Assessment Framework and Security Policy Framework.

As described on page 58 'Official Statistics Issues', NISRA is committed to complying with the principles of the UK Statistics Authority's Code of Practice and its statistical output is monitored and assessed by the UK Statistics Authority. During the year a number of NISRA's National Statistics and some of its Official Statistics products were assessed for compliance with the Code of Practice, and all of those where an outcome was declared were successfully accredited/reaccredited as National Statistics. No outputs have failed to achieve National Statistics designation.

Fraud Prevention and Assurance

NISRA takes a zero tolerance approach to fraud and will report instances of fraud to the PSNI. The Agency complies with the DFP Anti-Fraud Policy that sets out staff responsibilities with regard to the prevention of fraud.

Whistle blowing arrangements are in place and can be used to raise concerns about alleged impropriety, wrong-doing, corruption, fraud or malpractice.

The Agency has not recorded any instances of suspected or actual fraud during the year.

Significant Internal Control Problems

DFP Internal Audit completed the following audits during 2015/16:

- Validation exercise of the Ministerial Targets for 2014/15 – All targets achieved,
- Corporate Services Finance – Limited Assurance Opinion,
- Information Assurance/Information Assurance Maturity Model – Satisfactory Assurance Opinion,
- GRO (IA 49/15) – Satisfactory Assurance Opinion,
- Charging (IA 17/15) - Satisfactory Assurance Opinion, and
- Processing Environment – Advisory.

The Corporate Services Finance audit gave a Limited Assurance Opinion and made ten Priority One Recommendations, eighteen Priority Two Recommendations and two Priority Three Recommendations. As at 31 March 2016 the Agency has taken steps to implement twenty two of these recommendations. Progress is being made to implement the remainder and it is expected

that these will be complete by end August 2016.

In addition, Internal Audit completed two follow-up audits during the year, each reported a 'satisfactory' opinion.

Internal Audit were satisfied that management had made significant efforts towards implementation of all recommendations and issued a satisfactory opinion for 2015/16.

Management consider that there are no significant internal control issues within the Agency.

Review of Effectiveness

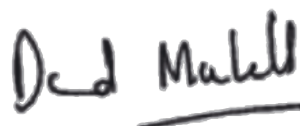

As Accounting Officer, I have responsibility for reviewing the effectiveness of the Governance procedures within the Agency. My review of the effectiveness of the Governance and of the system of internal control is informed by the work of the internal auditors and the executive managers within the Agency who have responsibility for the development and maintenance of the internal control framework, and comments made by the external auditors in their 'Report to those charged with Governance' and other reports. I have been advised on the implications, of the result of this review of the effectiveness of the system of internal control by the Senior Management Group and the Audit and Risk Committee and a plan to address weaknesses and ensure continuous improvement of the system is in place.

I consider the information presented to the Agency Board in the Corporate Performance report to be of a high quality, accurate and relevant to the internal control systems within the Agency and that the Agency has complied

with the Corporate Governance in Central Government Departments: Code of Good Practice (NI) 2013 in all respects.

Conclusion

Taking into account all of the arrangements set out in this Governance Statement, NISRA has an effective governance structure in place and has satisfactory systems of internal control which have operated effectively throughout 2015/16.

REMUNERATION AND STAFF REPORT

Remuneration Policy

The Minister of Finance and Personnel approves the pay remit for Senior Civil Service (SCS) staff. The SCS remuneration arrangements are based on a system of pay scales for each SCS grade containing a number of pay points from minima to maxima, allowing progression towards the maxima based on performance. In 2012, upon creation, there were 11 points on each scale. This was subsequently reduced to 10 points in 2014 and 9 points in 2015 to allow progression through the pay scales within a reasonable period of time.

Service Contracts

Civil service appointments are made in accordance with the Civil Service Commissioners' Recruitment Code, which requires appointment to be on merit on the basis of fair and open competition but also includes the circumstances when appointments may otherwise be made.

Unless otherwise stated below, the officials covered by this report hold appointments which are open-ended. Early termination, other than for misconduct, would result in the individual receiving compensation as set out in the Civil Service Compensation Scheme.

Further information about the work of the Civil Service Commissioners can be found at www.nicscommissioners.org

* Non Consolidated Payment has been added to salary amount.

**The value of pension benefits accrued during the year is calculated as (the real increase in pension multiplied by 20) plus (the real increase in any lump sum) less (the contributions made by the individual). The real increases exclude increases due to inflation and any increase or decrease due to a transfer of pension rights.

Reporting bodies are required to disclose the relationship between the remuneration of the highest paid director in their organisation and the median remuneration of the organisation's workforce.

The median total is based on the full time equivalent remuneration of staff directly employed by NISRA at the reporting end date on an annualised basis.

The banded remuneration of the highest paid director in NISRA in the financial year was £75-80k (2014/15: £95k-£100k). This was 2.5 times (2014/15, 3.1) the median remuneration of the workforce, which was £31,135 (2014/15: £31,135).

In 2015/16 and 2014/15 no employees received remuneration in excess of the highest paid director.

Total remuneration includes salary, non consolidated performance-related pay and benefits in kind. It does not include employer pension contributions and the cash equivalent transfer value of pensions.

Salary

'Salary' includes gross salary; overtime; reserved rights to London weighting or London allowances; recruitment and retention allowances; private office allowances and any other allowance to the extent that it is subject to UK taxation and any gratia payments.

Benefits in kind

The monetary value of benefits in kind covers any benefits provided by the employer and treated by HM Revenue and Customs as a taxable emolument.

Bonuses

The Agency did not make any bonus payments to Board members during the year.

Northern Ireland Civil Service (NICS) Pension arrangements

Pension benefits are provided through the Northern Ireland Civil Service pension arrangements which are administered by Civil Service Pensions (CSP). Staff in post prior to 30 July 2007 may be in one of three statutory based 'final salary' defined benefit arrangements (classic, premium and classic plus). These arrangements are unfunded with the cost of benefits met by monies voted by the Assembly each year. From April 2011 pensions payable under classic, premium, and classic plus are increased annually in line with changes in the Consumer Prices Index (CPI). Prior to 2011, pensions were increased in line with changes in the Retail Prices Index (RPI). New entrants joining on or after 1 October 2002 and before 30 July 2007 could choose between membership of premium or joining a good quality 'money purchase' stakeholder arrangement with a significant employer contribution (partnership pension account). New entrants joining on or after 30 July 2007 were eligible for membership of the nuvos arrangement or they could have opted for a partnership pension account. Nuvos is a 'Career Average Revalued Earnings' (CARE) arrangement in which members accrue pension benefits at a percentage rate of annual pensionable earnings throughout the period of scheme membership. The current rate is 2.3%. CARE pension benefits are increased annually in line with increases in the CPI.

A new pension scheme, alpha, was introduced for new entrants from 1 April 2015. The majority of existing members of the NICS pension arrangements have also moved to alpha from that date. Members who on 1 April 2012 were within 10 years of their normal pension age will not move to alpha and those who were within 13.5 years and 10 years of their normal pension age were given a choice between moving to alpha on 1 April 2015 or at a later date determined by their age. alpha is also a 'Career Average Revalued Earnings' (CARE) arrangement in which members accrue pension benefits at a percentage rate of annual pensionable earnings throughout the period of scheme membership. The rate will be 2.32%. CARE pension benefits are increased annually in line with increases in the CPI.

Increases to public service pensions are the responsibility of HM Treasury. Pensions are reviewed each year in line with the cost of living. Increases are applied from April and are determined by the CPI figure for the preceding September. The CPI in September 2015 was negative (-0.1%) and HM Treasury has announced that there will be no increase to public service pensions from April 2016. Therefore public service pensions will remain at their current level.

Employee contribution rates for all members for the period covering 1 April 2016 – 31 March 2017 are as follows:

Scheme Year 1 April 2016 to 31 March 2017

Annualised Rate of Pensionable Earnings (Salary Bands)		Contribution rates – Classic members or classic members who have moved to alpha	Contribution rates – All other members
From	To	From 01 April 2016 to 31 March 2017	From 01 April 2016 to 31 March 2017
£0	£15,000.99	3.8%	4.6%
£15,001.00	£21,210.99	4.6%	4.6%
£21,211.00	£48,471.99	5.45%	5.45%
£48,472.00	£150,000.99	7.35%	7.35%
£150,001.00 and above		8.05%	8.05%

Benefits in classic accrue at the rate of 1/80th of pensionable salary for each year of service. In addition, a lump sum equivalent to three years' pension is payable on retirement. For premium, benefits accrue at the rate of 1/60th of final pensionable earnings for each year of service. Unlike classic, there is no automatic lump sum (but members may give up (commute) some of their pension to provide a lump sum). Classic plus is essentially a variation of premium, but with benefits in respect of service before 1 October 2002 calculated broadly as per classic.

The partnership pension account is a stakeholder pension arrangement. The employer makes a basic contribution of between 3% and 14.7% (depending on the age of the member) into a stakeholder pension product chosen by the employee. The employee does not have to contribute but where they do make contributions, the employer will match these up to a limit of

3% of pensionable salary (in addition to the employer's basic contribution). Employers also contribute a further 0.5% of pensionable salary to cover the cost of centrally-provided risk benefit cover (death in service and ill health retirement).

The accrued pension quoted is the pension the member is entitled to receive when they reach pension age, or immediately on ceasing to be an active member of the scheme if they are at or over pension age. Pension age is 60 for members of classic, premium, and classic plus and 65 for members of nuvos. The normal pension age in alpha is linked to the member's State Pension Age but cannot be before age 65. Further details about the NICS pension arrangements can be found at the website <https://www.finance-ni.gov.uk/topics/working-northern-ireland-civil-service/civil-service-pensions-ni>.

Cash Equivalent Transfer Values

A Cash Equivalent Transfer Value (CETV) is the actuarially assessed capitalised value of the pension scheme benefits accrued by a member at a particular point in time. The benefits valued are the member's accrued benefits and any contingent spouse's pension payable from the scheme. A CETV is a payment made by a pension scheme or arrangement to secure pension benefits in another pension scheme or arrangement when the member leaves a scheme and chooses to transfer the benefits accrued in their former scheme. The pension figures shown relate to the benefits that the individual has accrued as a consequence of their total membership of the pension scheme, not just their service in a senior capacity to which disclosure applies. The CETV figures, and

from 2003-04 the other pension details, include the value of any pension benefit in another scheme or arrangement which the individual has transferred to the NICS pension arrangements. They also include any additional pension benefit accrued to the member as a result of their purchasing additional years of pension service in the scheme at their own cost. CETVs are calculated in accordance with The Occupational Pension Schemes (Transfer Values) (Amendment) Regulations 2008 and do not take account of any actual or potential benefits resulting from Lifetime Allowance Tax which may be due when pension benefits are taken.

Real increase in CETV

This reflects the increase in CETV effectively funded by the employer. It does not include the increase in accrued pension due to inflation, contributions paid by the employee (including the value of any benefits transferred from another pension scheme or arrangement) and uses common market valuation factors for the start and end of the period. The actuarial factors used to calculate CETVs changed during the 2015-16 year and, consequently, CETV figures increased even without any further pension accrual. However, the real increase calculation uses common actuarial factors at the start and end of the period so that it disregards the effect of any changes in factors and focuses only on the increase that is funded by the employer.

Compensation for loss of office

The Agency did not make any payments for loss of office during 2015/16.

STAFF REPORT

Staff costs

Staff costs comprise:

	£000	£000	2015/16 £000	2014/15 £000
	Permanently employed staff	Others	Total	Total
Wages and salaries	14,738	1,632	16,370	16,002

Total net costs	9,902	1,684	11,586	10,746

Included in wages and salaries are costs associated with the Northern Ireland Civil Service Voluntary Exit Scheme (VES). These are referred to in the 'Reporting of Civil Service and other compensation schemes – exit packages' section below.

Staff Numbers

The number of staff in post at the end of March 2016 was 436* of which 243 were located in DFP [131** of which were statisticians], 153** were statisticians outposted to other government departments and 40** were statisticians seconded to other organisations. (*inc 1 student, 10 recruitment agency staff and 1 NICS casual member of staff). In addition, NISRA employs a field-force of approximately 250 fee-paid survey interviewers. A detailed breakdown by grade is included at Table 1.

The gender analysis of the Agency staff as at 31 March 2016 was:

	Number of female staff	Number of male staff	Total
Senior Civil Service	1	1	2
Agency Board	1	8	9
Other NISRA employees	234	191	425
	236	200	436

** Includes Statistical Officers

Sickness Absence

The provisional figure for the average number of days lost per staff member (on a staff year equivalent basis⁷) during 2015/16 was 8.3 days (6.1 days in 2014/15). The Agency is actively working to decrease its sickness absence and now has a nominated 'Well Champion' who organises seminars and other events to highlight health and wellness issues.

Reporting of Civil Service and other compensation schemes – exit packages

Figures in brackets represent previous year 2014-15 comparative.

Core Department and Agency

Total number of exit packages	0 (0)	40 (0)	40 (0)
Total resource cost/£k	0 (0)	£1,350k (£0k)	£1,350k (£0k)

Redundancy and other departure costs have been paid in accordance with the provisions of the Civil Service Compensation Scheme (Northern Ireland), a statutory scheme made under the Superannuation (Northern Ireland) Order 1972. Exit costs are accounted for in full in the year departure is agreed. Where the Department has agreed early retirements, the additional costs are met by the Department and not by the Civil Service pension scheme. Ill-health retirement costs are met by the pension scheme and are not included in the table.

Included in the figures in the table above are 40 full-time equivalent staff leaving on the Voluntary Exit Scheme at a cost of £1,349,933.

⁷ One staff year equivalent (sy) equates to one member of staff having been available for the entire period being analysed.

OTHER ASSEMBLY ACCOUNTABILITY DISCLOSURES

Regularity of Expenditure

i. Losses and special payments

Losses statement

The Agency did not make any individual losses in excess of £250,000. Losses and special payments are detailed in Note 17 to the Financial Statements.

Special payments

The Agency did not make any special payments during 2015/16.

ii. Fees and Charges

General Register Office

In setting fees for certificates, the General Register Office (GRO) aims to recover 100% of costs directly attributable to the estimated volumes of produced certificates. In 2015/16, GRO estimated that it would recover £2,886k (2014/15: £2,929k) from the supply of certificates. The actual cost recovery for the year was £2,917k (2014/15: £2,951k).

Central Survey Unit

In 2015/16 the Central Survey Unit (CSU) estimated that it would recover £1,690 (2014/15: £2,760k) from carrying out surveys on behalf of government departments and non departmental public bodies. The actual cost recovery for the year was £1,690k (2014/15: £2,738k). The information provided in the table below is for fees and charges purposes, not for IFRS 8.

	Income £000	Full Cost £000	2015/16 Surplus/ (deficit) £000	2014/15 Surplus/ (deficit) £000
Recovery of staff costs for staff outside DFP	(8,770)	8,476	294	224

	<u>(13,377)</u>	<u>13,000</u>	<u>377</u>	<u>405</u>

The above figures represent services where the full cost of the service is in excess of £1m. For Registration Services, the Statutory Provision is as noted in Article 7 to the Births and Deaths Registration (NI) Order 1976. For other services, NISRA's financial objective was to recover the total cost of those activities for which DFP funding was not provided. This objective was met.

iii. Remote Contingent Liabilities

Contingent Liabilities reporting disclosure under assembly reporting requirements and not under IAS 37

There were no contingent liabilities requiring disclosure under assembly reporting requirements.

NORTHERN IRELAND STATISTICS AND RESEARCH AGENCY

THE CERTIFICATE AND REPORT OF THE COMPTROLLER AND AUDITOR GENERAL TO THE NORTHERN IRELAND ASSEMBLY

I certify that I have audited the financial statements of the Northern Ireland Statistics and Research Agency (NISRA) for the year ended 31 March 2016 under the Government Resources and Accounts Act (Northern Ireland) 2001. The financial statements comprise: the Statements of Comprehensive Net Expenditure, Financial Position, Cash Flows, Changes in Taxpayers' Equity and the related notes. These financial statements have been prepared under the accounting policies set out within them. I have also audited the information in the Remuneration and Staff Report and the Assembly Accountability Disclosures that is described in that report as having been audited.

Respective responsibilities of the Chief Executive and auditor

As explained more fully in the Statement of Agency 's and Chief Executive's Responsibilities, the Chief Executive as Accounting Officer is responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. My responsibility is to audit, certify and report on the financial statements in accordance with the Government Resources and Accounts Act (Northern Ireland) 2001. I conducted my audit in accordance with International Standards on Auditing (UK and Ireland). Those standards require me and my staff to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the NISRA's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the NISRA; and the overall presentation of the financial statements. In addition I read all the financial and non-financial information in the Annual Report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by me in the course of performing the audit. If I become aware of any apparent material misstatements or inconsistencies I consider the implications for my certificate.

I am required to obtain evidence sufficient to give reasonable assurance that the expenditure and income recorded in the financial statements have been applied to the purposes intended by the Assembly and the financial transactions recorded in the financial statements conform to the authorities which govern them.

Opinion on regularity

In my opinion, in all material respects the expenditure and income recorded in the financial statements have been applied to the purposes intended by the Assembly and the financial transactions recorded in the financial

statements conform to the authorities which govern them.

Opinion on financial statements

In my opinion:

- the financial statements give a true and fair view of the state of the NISRA's affairs as at 31 March 2016 and of the net operating cost, cash flows and changes in taxpayers equity for the year then ended; and
- the financial statements have been properly prepared in accordance with the Government Resources and Accounts Act (Northern Ireland) 2001 and Department of Finance (formerly Department of Finance and Personnel) directions issued thereunder.

Opinion on other matters

In my opinion:

- the parts of the Remuneration and Staff Report and the Assembly Accountability Report to be audited have been properly prepared in accordance with Department of Finance directions made under the Government Resources and Accounts Act (Northern Ireland) 2001; and
- the information given in Performance Report and Accountability Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which I report by exception

I have nothing to report in respect of the following matters which I report to you if, in my opinion:

- adequate accounting records have not been kept; or
- the financial statements and the parts of the Remuneration and Staff Report and the Assembly Accountability Report to be audited are not in agreement with the accounting records; or
- I have not received all of the information and explanations I require for my audit; or
- the Governance Statement does not reflect compliance with Department of Finance's guidance.

Report

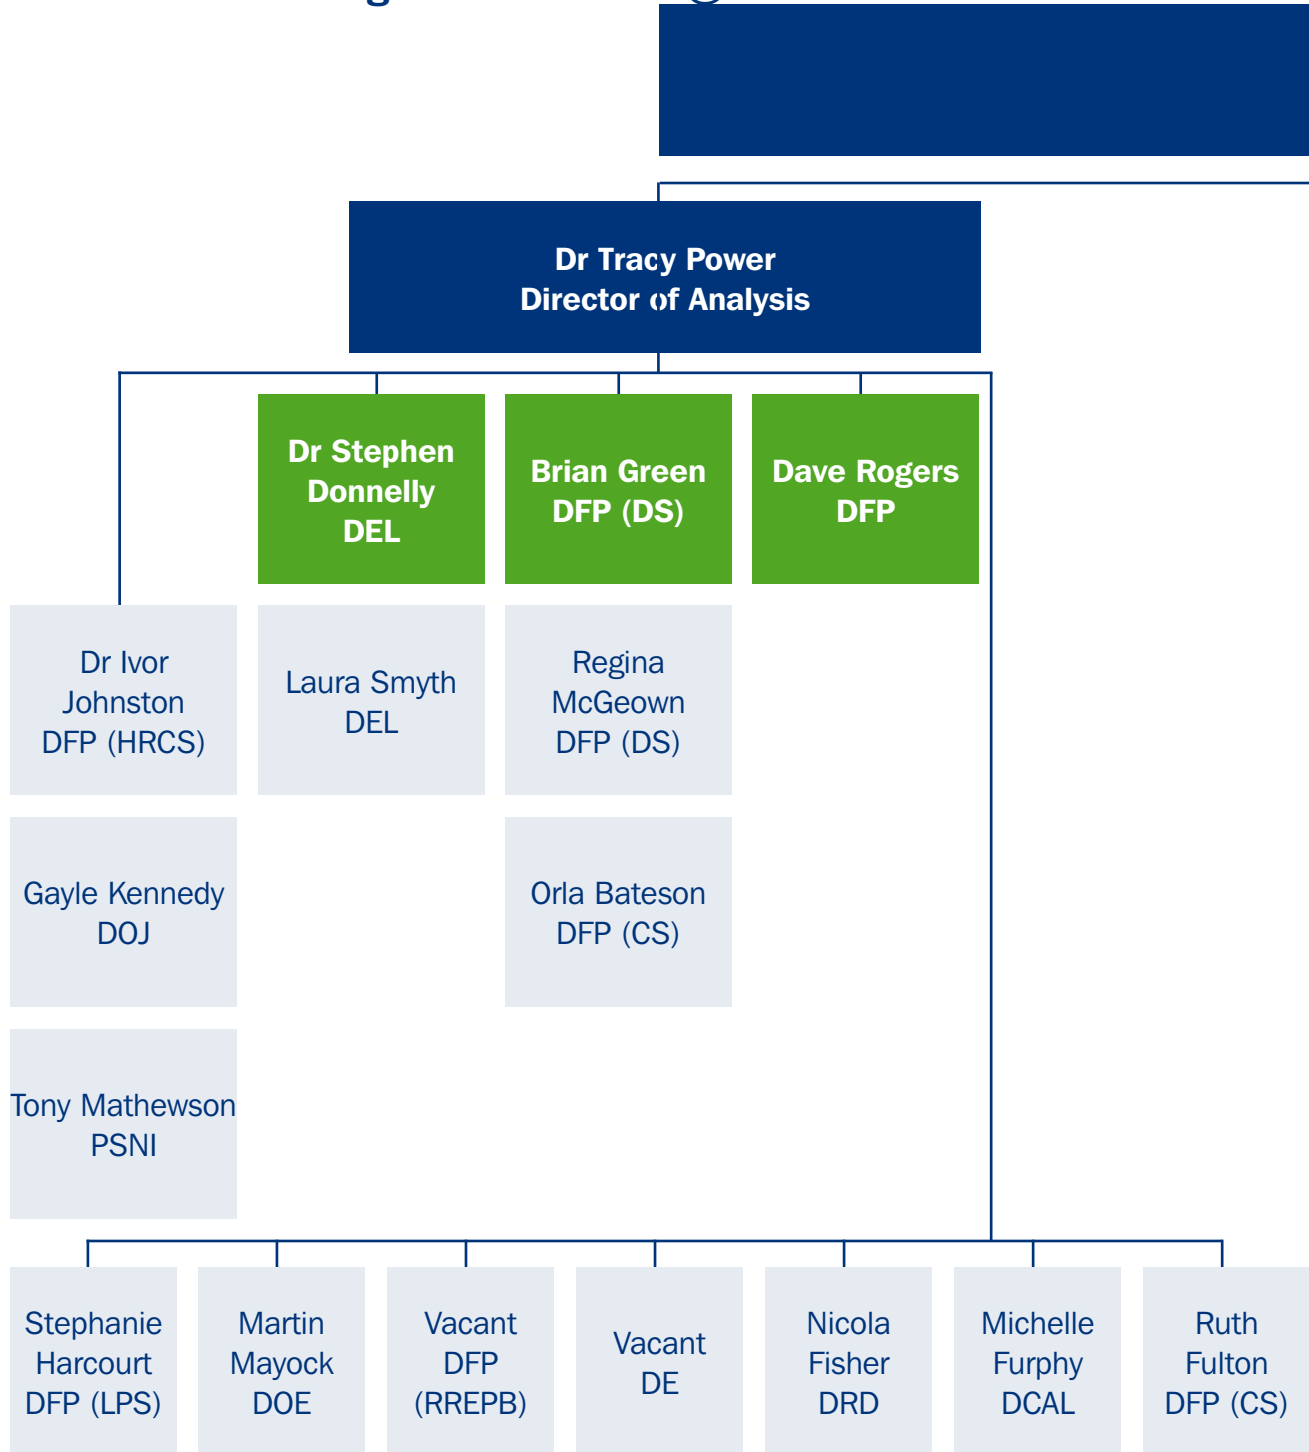

I have no observations to make on these financial statements.

NOTES TO ACCOUNTS

1. Statement of Accounting Policies

These financial statements have been prepared in accordance with the 2015/16 Government Financial Reporting Manual (FReM) issued by the Department of Finance and Personnel. The accounting policies contained in FReM apply International Financial Reporting Standards (IFRS) as adapted or interpreted for the public sector context. Where the FReM permits a choice of accounting policy, the accounting policy that has been judged to be the most appropriate to the particular circumstances of the Agency for the purpose of giving a true and fair view has been selected. The particular policies adopted by the Agency for 2015/16 are described below. They have been applied consistently in dealing with items that are considered material in relation to the Accounts.

The IASB have issued new and amended standards (IFRS 10, IFRS 11 & IFRS 12) that affect the consolidation and reporting of subsidiaries, associates and joint ventures. These standards have an effective date of January 2013, but have not yet been EU adopted. The application of these IFRS changes is subject to further review by Treasury and the other Relevant Authorities before due process consultation.

Accounting boundary IFRS' are currently adapted in the FReM so that the Westminster departmental accounting boundary is based on ONS control criteria, as designated by Treasury. A review of the NI financial process is currently under discussion with the Executive, which will bring NI departments under the same adaptation. Should this

go ahead, the impact on departments is expected to focus around the disclosure requirements under IFRS12. The impact on the consolidated boundary of NDPB's and trading funds will be subject to review, in particular, where control could be determined to exist due to exposure to variable returns (IRFS 10), and where joint arrangements need reassessing.

1.1 Accounting Convention

The Accounts have been prepared under the historical cost convention, modified to account for the revaluation of property, plant and equipment and intangible assets.

1.2 Property, plant and equipment

The Agency's property, plant and equipment includes computer equipment office machinery, fixtures and fittings which are capitalised at their cost of acquisition and installation and are revalued annually using appropriate indices compiled by the Office for National Statistics. The threshold for capitalisation, as an individual or grouped fixed asset, remains at £500 throughout the Department of Finance and Personnel for computer equipment with all other equipment at £1,000.

Where appropriate, surpluses and deficits on revaluation are taken to the revaluation reserve and permanent reductions in the value of non current assets are charged to the Statement of Comprehensive Net Expenditure

The Agency does not own the property it occupies, but incurs a notional accommodation charge which is included in the Statement of Comprehensive Net Expenditure.

1.3 Intangible assets

The Agency's intangible assets include computer software, internally and externally developed software, licences, bespoke systems, databases and a website, which are capitalised at their cost of acquisition and installation and are revalued annually using appropriate indices compiled by the Office for National Statistics.

The threshold for capitalisation, as an individual or grouped fixed asset, remains at £500 throughout the Department of Finance and Personnel.

1.4 Depreciation/Amortisation

Depreciation/Amortisation is provided on a straight line basis in order to write-off the valuation, less estimated residual value, of non current assets over their estimated useful lives. The estimated useful lives, which are reviewed regularly, are:

Computer Equipment and Software	3-12 years
Office Equipment	5-10 years
Telecoms Equipment	5-10 years

Depreciation/ Amortisation, on assets under construction commences when the assets are ready for their intended use.

1.5 Operating Income

The Agency's income represents receipts from three main activities.

- The recovery of salary cost for Agency staff on loan outside DFP;
- Charges for statistics and research work carried out for customers; and
- Fees associated with the Registration Services.

All income is accruals based and accounted for against the financial year to which it relates.

1.6 Financial Instruments

A financial instrument is defined as any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A financial instrument is recognised when, and only when, the entity becomes a party to the contractual provisions of the instrument. A previously recognised financial asset is derecognised when, and only when, either the contractual rights to the cash flows from that asset expire, or the entity transfers the asset such that the transfer qualified for derecognition. A financial liability is derecognised when, and only when, it is extinguished.

The Agency has financial instruments in the form of trade receivables and payables and cash and cash equivalents. In accordance with IAS 39 Financial Instruments: Recognition and Measurement, trade receivables, cash and other receivables are classified as 'loans and receivables'. Loans and receivables are initially measured at fair value and are subsequently measured at amortised cost using the effective interest method less any impairment.

The Agency assesses at each reporting date whether there is any objective evidence that a financial asset or group of financial assets classified as loans and receivables is impaired. Based on historic experience receivables that are past due beyond 361 days are generally not recoverable.

The Agency measures the amount of the loss as the difference between the carrying amount of the asset and the present value of estimated future cash flows from the asset discounted at the effective interest rate of the instrument at initial recognition.

Impairment losses are assessed individually for financial assets that are individually significant and individually or collectively for assets that are not individually significant. In making collective assessment of impairment, financial assets are grouped into portfolios on the basis of similar risk characteristics. Future cash flows from these portfolios are estimated on the basis of the contractual cash flows and historical loss experience for assets with similar risk characteristics.

Impairment losses are recognised in the Statement of Comprehensive Net Expenditure and the carrying amount of the financial asset or group of financial assets reduced by establishing an allowance for impairment losses. If in a subsequent period the amount of the impairment loss reduces and the reduction can be ascribed to an event after the impairment was recognised, the previously recognised loss is reversed by adjusting the allowance.

When a financial asset is deemed unrecoverable the amount of the asset is reduced directly and the impairment loss is recognised in the Statement of Comprehensive Net Expenditure to the extent that a provision was not previously recognised.

Financial liabilities are initially measured at fair value, net of transaction costs. They are subsequently measured at amortised cost using the effective interest method.

1.7 Value Added Tax

All income and expenditure is stated exclusive of VAT which is recoverable on a departmental basis.

1.8 Programme Expenditure

All of NISRA expenditure is classified as Programme expenditure.

1.9 Pensions

Past and present employees are covered by the provisions of the Principal Civil Service Pension Scheme (Northern Ireland) [PCSPS(NI)]. The defined benefit scheme is unfunded and is non-contributory except in respect of dependants' benefits. The Agency recognises the expected cost of these elements on a systematic and rational basis over the period during which it benefits from employees' services by payment to the PCSPS(NI) of amounts calculated on an accruing basis. Liability for payment of future benefits is a charge on the PCSPS(NI). In respect of the defined contribution scheme, the Agency recognises the contributions payable for the year.

1.10 Contingent Liabilities

In addition to contingent liabilities disclosed in accordance with IAS 37, the agency discloses for assembly reporting and accountability purposes certain statutory and non-statutory contingent liabilities where the likelihood of a transfer of economic benefit is remote, but which have been reported to the Assembly in accordance with the requirements of Managing Public Money Northern Ireland.

Where the time value of money is material, contingent liabilities which are required to be disclosed under IAS 37 are stated at discounted amounts and the amount reported to the Assembly separately noted. Contingent

liabilities that are not required to be disclosed by IAS 37 are stated at the amounts reported to the Assembly.

1.11 Employee Benefits

Under IAS19 Employee Benefits legislation, all staff costs must be recorded as an expense as soon as the organisation is obligated to pay them. This includes the cost of any untaken leave as at the year end. The cost of untaken leave has been determined using the data from leave records.

1.12 Provisions

The Agency provides for legal or constructive obligations, which are of uncertain timing or amount at the reporting date on the basis of the best estimate of the expenditure required to settle the obligation. These relate to the settlement of equal pay claims, other potential legal actions and provision for future liabilities in respect of contracts. Where the effect of the time value of money is significant the estimated risk-adjusted cash flows are discounted using the real rate set by HM Treasury (currently 3.5 per cent).

2. Statement of Operating Costs by Operating Segments

	General Register Office £000	Central Survey Unit £000	Other £000	2015/16 Total £000	2014/15 Total £000
Gross Expenditure	4,983	3,787	19,279	28,049	27,396

Net assets	1,960	332	6,340	8,632	7,419

Segments have been selected based on their distinct areas.

GRO

Consists of the unit that manages all public births, deaths and marriage records and the District Councils that manage this locally.

CSU

Consists of the survey unit that would be the largest income generating unit in NISRA that carries out work for all of the NICS and other public bodies.

Other

Covers all the other statistical research activities and the outposted and seconded staff.

3. Staff numbers and related costs

3.1 Staff Costs

Staff costs comprise:

	£000	£000	2015/16 £000	2014/15 £000
	Permanently employed staff	Others	Total	Total
Wages and salaries	14,738	1,632	16,370	16,002
Social Security costs	936	52	988	1,117
Other pension costs	2,998	-	2,998	2,774
Sub Total	18,672	1,684	20,356	19,893
Less recoveries in respect of outward secondments	(8,770)	-	(8,770)	(9,147)
Total net costs	9,902	1,684	11,586	10,746

Included in wages and salaries are costs associated with the Northern Ireland Civil Service Voluntary Exit Scheme (VES).

3.2 Pensions

The Principal Civil Service Pension Scheme (Northern Ireland) [PCSPS(NI)] is an unfunded multi-employer defined benefit scheme but NISRA is unable to identify its share of the underlying assets and liabilities. The most up to date actuarial valuation was carried out as at 31 March 2012. This valuation is then reviewed by the Scheme Actuary and updated to reflect current conditions and rolled forward to the reporting date of the DFP Superannuation and Other Allowances Resource Accounts as at 31 March 2016.

For 2015/16, employers' contributions of £2,998k were payable to the PCSPS(NI) (2014/15 £2,774k) at one of four rates in the range 18% to 25% of pensionable pay, based on salary bands. The scheme's Actuary reviews employer contributions every four years following a full scheme valuation. A new scheme funding valuation based on data as at 31 March 2012 was completed by the Actuary during 2015/16. This valuation was used to determine employer contribution rates for the introduction of a new career average earning scheme from April 2015. From 2015/16, the rates will range from 20.8% to 26.3%. The contribution rates are set to meet the cost of the benefits accruing during 2015/16 to be paid when the member retires, and not the benefits paid during this period to existing pensioners.

Employees can opt to open a partnership pension account, a stakeholder pension with an employer contribution. Employers' contributions of £3,375 (2014/15 £6,908) were paid to one or more of the panel of three appointed stakeholder pension providers. Employer contributions are age-related and range from 3% to 12.5% (2014/15 3% to 12.5%) of pensionable pay. Employers also match employee contributions up to 3% of pensionable pay. In addition, employer contributions of £257, 0.8% (2014/15 £660, 0.8%) of pensionable pay, were payable to the PCSPS(NI) to cover the cost of the future provision of lump sum benefits on death in service and ill health retirement of these employees.

3.3 Average number of persons employed

The average number of whole-time equivalent persons employed during the year was as follows.

	Permanently employed staff	Others	2015/16 Total	2014/15 Total
Directly employed including Senior Management	417	12	429	447
Other	-	65	65	72
Total	417	77	494	519

3.4 III- Health Retirement

The Agency meets the additional costs of benefits beyond the normal PCSPS(NI) benefits in respect of employees who retire early by paying the required amounts annually to the PCSPS(NI) over the period between the early departure and the normal retirement date. The Agency provides for this in full when the early retirement programme becomes binding by establishing a provision for the estimated payments discounted by the Treasury discount rate of 3.5 per cent in real terms.

There were no early retirements or compulsory redundancies in 2015/16.

4. Programme Costs

	2015/16	2014/15
	£000	£000
General Administrative Expenses	845	1,065
Computer Charges	803	822
District Registration Office's costs	2,412	2,332
Depreciation	145	129
Amortisation	943	611
Notional costs (services provided by parent department)		
Accommodation	818	802
IT Assist	662	694
Finance	362	362
HR	519	510

Other Notional costs		
DRD – Statistics branch costs	27	22
NIAO – Auditors' remuneration and expenses	10	10
Total	7,693	7,503

Notional costs relate to services received for which no actual payment is made. They are included in the Accounts so as to reflect the full economic cost of provision.

During the year, the Agency purchased no non audit services from its auditors, The Northern Ireland Audit Office or its subcontractors.

5. Income

The Agency charges for a variety of services provided to customers. The largest component is the recovery of salary costs for statistical staff on loan to departments and agencies outside DFP.

	2015/16	2014/15
	£000	£000

15. Financial Instruments

IFRS 7 Financial Instruments: Disclosures requires disclosure that enables evaluation of the significance of financial instruments for the Agency's financial position and performance, the nature and extent of risks arising from financial instruments to which the Agency is exposed during the period and at the reporting date, and how the Agency manages those risks.

As a result of the nature of its activities and the way in which NISRA is financed, financial instruments play a more limited role in creating and managing risk than would apply to a non-public sector body. The majority of financial instruments relate to contracts to buy non-financial items in line with the Agency's expected purchase and usage requirements and the Agency is therefore exposed to little credit, liquidity or market risk.

Details of the significant accounting policies and methods adopted, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset and financial liability are disclosed in Note 1 "Accounting Policies".

Categories of financial instruments

The Agency's financial assets are classified as loans and receivables and comprise trade receivables and other current assets (Note 8) and cash and cash equivalents (Note 9). The Agency's financial liabilities comprise trade payables (Note 10). These financial assets and liabilities are held at cost which approximates to fair value because of their short maturities.

Cash and cash equivalents comprises cash and demand deposits with banks. As at 31 March 2016, the carrying value of cash at bank approximates its fair value due to its short term nature.

16. Contingent Liabilities

NISRA has no contingent liabilities at 31 March 2016.

17. Losses and special payments

During 2015/16 there were losses and special payments to the value of £266 which represented 9 cases. (2014/15: £403 which represented 16 cases).

18. Related party transactions

The Northern Ireland Statistics and Research Agency is an executive agency of the Department of Finance and Personnel.

The Department of Finance and Personnel is regarded as a related party with which the Agency has had various material transactions during the year.

The Agency has also had various material transactions with all the other Northern Ireland government departments and other central government bodies. Other central government departments have included:

Electoral Office for NI,
Health and Social Care Office, and
Health and Safety Executive for NI
HSC Business Services Organisation,
Illex-Urban Regeneration Company,
Invest NI,
Libraries NI,
