Statistics Branch are always very helpful in providing input to research and policy development.

I have always been impressed by the willingness to respond to requests for advice and assistance. I am always confident that the service and information I receive from the branch will be excellent.

Excellent professional service which meets business needs - keep on doing it!

CSRB provide an excellent level of service. All the staff are extremely professional and a pleasure to work with. They are very accommodating and tolerant as I sometimes ask for information to be provided at very short notice.

Always responsive to enquiries.
