### **Introduction**

The Trust Board Performance Report for the period April 2018 – Feb 2019 includes updates on the following key areas.

Section A – Safety, Quality & Experience (SQE), provides the Board with an overview of Trust performance in relation to a range of key safety, quality and experience indicators. (Trend analysis – Feb 2018 – Feb 2019)

Section B – Service Delivery provides the Board with an update on the Trust performance against key DOH Commissioning Plan Direction (CPD) standards and targets for 2018/19.

## **Section A - Safety, Quality and Experience Key Indicators Report**

### **1. Introduction**

Patient/Client Safety, Quality and Experience should be at the core of any organisation delivering health and social care. Belfast Health and Social Care Trust is committed to the continuous improvement in the provision of its services to the population that it serves. One of the essential elements of this is transparency around the assessment of safety, quality and experience. To this end, the Trust has developed a specific report incorporating a nationally comparable range of indicators that demonstrate the progression of the Trust towards our vision of being one of the safest, most effective and compassionate health and social care organisations.

The report includes the range of safety and quality indicators below;

#### **Mortality**

- Crude and Risk Adjusted Mortality - non elective
- Crude and Risk Adjusted Mortality - Hip fracture
- Crude and Risk Adjusted Mortality - MI Mortality
- Crude and Risk Adjusted Mortality - Stroke Mortality
- Mortality - % of deaths recorded on MMRS system

#### **HCAI**

- Clostridium Difficile - incidence
- MRSA - incidence

#### **Classic Safety Thermometer**

- Number of Avoidable Pressure Ulcers
- VTE risk assessment Compliance %
- Number of Falls
- Number of moderate/major/catastrophic falls

#### **Other Safety Thermometer**

- Cardiac Arrest rate %

#### **Medicines**

- Controlled Drugs - Compliance Audit (quarterly)

#### **Patient Experience**

- Friends and Family score – from Sept 2018
- Patient Experience – Domain score average

A brief commentary is included in relation to each indicator, and Trust data provided in respect of the indicators above.
