Introduction

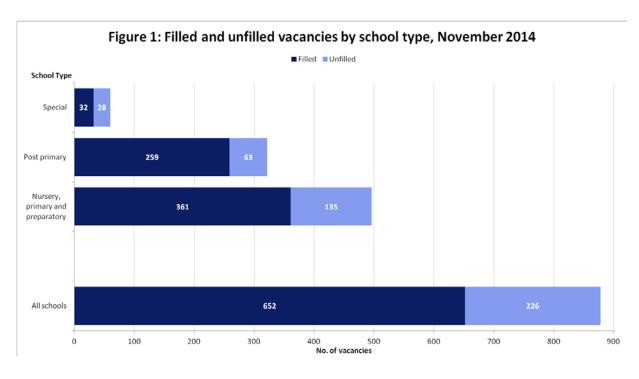

The purpose of this statistical bulletin is to provide analysis of the latest annual data collections relating to teacher vacancies, teacher sickness absence (excluding voluntary grammar) and teacher substitution (excluding voluntary grammar) in grant-aided schools in 2014/15. This information is analysed by former Education and Library Board areas, school type and management type.

The information collected throughout this process is used by policy branches within the Department of Education to inform education workforce policy. The data are also used to respond to Assembly questions.

All **figures** referred to are included in the main body of the text. All **tables** are included as annexes.

Section 1: Teacher Vacancies

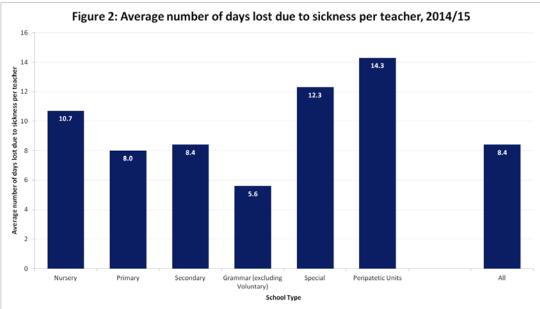

• **Figure 1** shows the total number of teacher vacancies at the end of 2013/14 and the proportions which were filled or unfilled by November 2014. There were 878 teacher vacancies at the end of the academic year 2013/14, 652 (74.3%) of which had been filled by November 2014. This compares with 907 of 1,107 (81.9%) vacancies filled the year previous. There was a larger proportion of unfilled vacancies in nursery, primary and preparatory departments of grammar schools than in post-primary schools. Notably 46.7% of vacancies that arose in special schools were unfilled. **Table 1** outlines the teacher vacancies data in more detail.

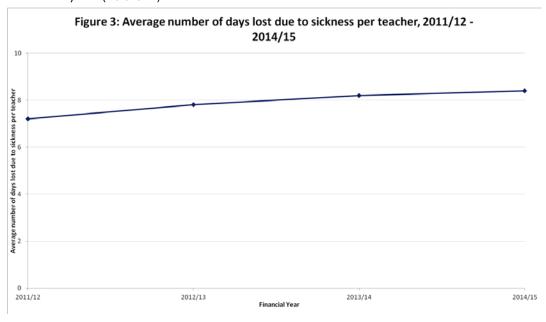

Section 2: Teacher Sickness Absence

The Department committed to publish key figures on the Management of Substitution Cover for Teachers on an annual basis by 30 June each year, beginning in 2012. This commitment was given in DFP's Memorandum on the 2nd Report from the Public Accounts Committee Session 2010/11 – The Management of Substitution Cover for Teachers: Follow up Report 25 Jan 2011.

• Figure 2 shows the average number of days lost due to sickness per teacher in all schools was 8.4. The largest average number of days lost due to sickness was in peripatetic units at 14.3 and the lowest average number of days lost due to sickness was in grammar schools (excluding voluntary grammar) with an average 5.6 days (Tables 2 and 3).

- ¹ Excludes voluntary grammar schools
- ² Grammar includes preparatory departments of grammar schools
- **Figure 3** shows the trend in sickness absence since 2011/12. There has been an increasing trend in the number of working days lost per teacher in this time period with all school types seeing higher levels of absence in 2014/15 than in 2011/12. As such the overall number of working days lost per teacher has risen from 7.2 in 2011/12 to 8.4 in 2014/15 (**Table 4**).

Section 3: Teacher Substitution Costs

• Figure 4 shows the teacher substitution costs for each year from 2005/06 to 2014/15. While the teacher substitution costs were decreasing from 2008/09 to 2011/12, the cost of teacher substitution has risen again this year from £65 million in 2013/14 to £67 million in 2014/15. This information is given in Tables 5 and 6 and a breakdown by school type is given in Table 7.

¹ Excludes voluntary grammar schools.

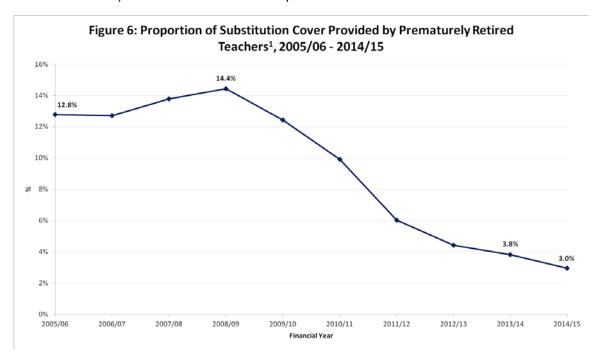

- Table 8 gives a breakdown of the cost of substitution cover by reason.
- **Figure 5** shows the number of substitution days as a proportion of total teaching days for each year from 2005/06 to 2014/15. The number of substitution days fell from 470,860 days (14.6% of total days worked) in 2008/09 to 412,467 (12.9% of total days worked) in 2011/12. From 2012/13 onwards the number of substitution days has been rising, and this trend continued this year with the number of substitution days rising from 447,687 days (14.4% of total days worked) in 2013/14 to 470,856 days (14.9% of total days worked) in 2014/15 (**Table 9**).

² Substitution costs constitutes gross daily/hourly rates paid excluding employers national insurance and superannuation costs.

¹ Excludes voluntary grammar schools

• Figure 6 shows the proportion of substitution days worked by Prematurely Retired Teachers for each year from 2005/06 to 2014/15. The number of substitution days worked by prematurely retired teachers has fallen from 67,927 days in 2008/09 to 13,946 in 2014/15, which represents 3.0% of the total days worked, compared to 14.4% in 2008/09. This information is presented in **Table 10** and **11**.

¹ Excludes voluntary grammar schools

Table 12 shows the average daily and hourly substitute cover rates.

Teacher Vacancy Survey

4. The figures for teacher vacancies are derived from the Teacher Vacancies Survey. This data collection covers all grant-aided schools in Northern Ireland, and was carried out by NISRA Central Survey Unit on behalf of DE Statistics & Research Team in the autumn term of 2014/15. All figures refer to the position of schools on 3 November 2014.

Teacher Sickness Absence

- 5. The teacher sickness absence data is extracted from the computerised teachers' payroll system.
- 6. Teacher sickness absences are given for the financial year 1 April 2014 to 31 March 2015.
- 7. The number of all permanent teachers used is an average number of teachers who have worked in schools from 1 April 2014 to 31 March 2015.
- 8. The following types of teacher are included in the teacher sickness absence:
 - full-time permanent teachers;
 - part-time permanent teachers; and
 - peripatetic teachers.

(all above include teachers paid on 1/365th basis)

- 9. Excluded from all figures are teachers at voluntary grammar schools and their preparatory departments as this information is not available from the teachers' payroll system. Teachers in the preparatory departments of controlled grammar schools are included in the grammar figures.
- 10. The numbers are based on a headcount, not full-time equivalent.

Teacher Substitution Data

- 11. Teacher substitution data is extracted from the computerised teachers' payroll system. Substitution costs are calculated on the teachers' payroll system from service processed through the Northern Ireland Substitute Teachers' Register (NISTR).
- 12. Figures are based on financial years i.e. 1 April 2014 31 March 2015.
- 13. Figures include peripatetic teachers.
- 14.All permanent and temporary payroll (substitution) costs exclude employers' national insurance and superannuation costs.
- 15. All substitution costs relate to temporary payroll only.
- 16. Total teaching days are calculated as the average headcount of teachers multiplied by the total number of teaching days in a year, 195.

Revisions Policy

17. The figures included in this release may be subject to minor revision and these will be notified in accordance with our revisions policy. Definition of management types

18. Definitions of school management types are as follows:

- Controlled: Schools are managed and funded by the Education Authority through Boards of Governors (BoG). Primary and post-primary school BoGs consist of representatives of transferors - mainly the Protestant churches - along with representatives of parents, teachers and the EA.
- Voluntary: Self-governing schools, generally of long standing, originally established to provide an academic education at post primary level on a fee paying basis. Now funded by the Department and managed by Boards of Governors. The BoGs are constituted in accordance with each school's scheme of management usually representatives of foundation governors, parents, teachers and in most cases, DE or EA representatives. The BoGs is the employing authority and is responsible for the employment of all staff in its school.
- Maintained schools are managed by Boards of Governors which consist of
 members nominated by trustees, along with representatives of parents, teachers
 and the Education Authority. These schools are funded through the ELBs for their
 running costs and directly by the Department in relation to capital building works.
 For Catholic Maintained schools, the Employing Authority is the Council for Catholic
 Maintained Schools (CCMS). Other maintained schools are any schools that are not
 Catholic maintained. They are typically, but not exclusively, Irish medium schools.
- Controlled integrated: Controlled schools which have acquired integrated status.
- Grant Maintained integrated: Self-governing schools with integrated education status, funded directly by the Department of Education and managed by Boards of Governors. The BoG is the employing authority and responsible for employing staff.
